PROPOSITION 3

SALES TAX

The Anchorage Assembly has adopted AO 93-33(S-4) creating a 4% sales tax subject to certain specified limits, exclusions and exemptions. The 4% tax will be apportioned as follows: During the period of imposition and levy of the sales tax, two percent (2%) will be applied to public safety. For areas within the police service area this 2% will apply to reduce the property tax levy assigned to fund the Anchorage Police Service Area. For areas outside of the Anchorage Police Service Area this 2% will be dedicated to areawide public safety services.

The remaining two percent (2%) of the sales tax will generate new revenue with one percent (1%) to be applied to the Municipality's contribution to the Anchorage public school district, and with the remaining one percent (1%) to be applied to transportation maintenance and support.

This tax is a new special retail sales tax (under Charter Section 14.01(b)). A portion is also considered a "special tax", meaning a "special tax" under Charter Section 14.03(b)(3), 2% of which is outside the tax increase limitation of Charter Section 14.03(a).

Charter Section 14.01(b) requires voter ratification prior to imposition of a sales tax and Charter Section 14.03(b) requires voter approval of a tax as a "special tax" (meaning the revenues to be dedicated to a special purpose) in order for a tax to be considered outside the tax increase limitation of Charter Section 14.03(a); in this case with one percent (1%) to be applied to the Municipality's contribution to the Anchorage public school district and the remaining one percent (1%) to be applied to transportation maintenance and support.

This tax cannot be increased without a vote of the people.

A "Yes" vote authorizes the Assembly to proceed with imposing, and the Municipality to proceed with collecting, the tax created by AO 93-33(S-4).

Shall the special sales tax created by AO 93-33(S-4) be ratified and approved? (AO 93-33(S-4)).

PROPOSITION 17

EAGLE RIVER-CHUGIAK PARKS AND RECREATION AREA MILL LEVY INCREASE

To offset the reduction of State funds for development and increased maintenance and operations costs, shall the mill levy limit be increased to 1.00 mill (an increase of 0.5 mill) to continue present levels of year around parks and trail maintenance and recreation programs and to provide additional recreational facilities needed within the Eagle River-Chugiak Park and Recreational Service Area commencing January 1, 1994? (AO 93-43).
