**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

The proposed bonds will not increase the maximum attainable Girdwood Valley Service Area mill rate approved pursuant to AMC 27.30.020.

PROPOSITION NO. 11

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

AREAWIDE PUBLIC SAFETY AND TRANSIT CAPITAL
IMPROVEMENT BONDS**

For the purpose of upgrading the infrastructure of the Anchorage Area-Wide Radio Network, acquiring new replacement ambulances and replacement cardiac monitors, making improvements to transit facilities and centers, acquiring and replacing transit vehicles and support equipment, updating automated operating system/management information systems and undertaking bus stop improvements and related capital improvements in Anchorage as provided in AO 2019-153, shall Anchorage borrow money and issue up to \$5,095,000 in principal amount of general obligation bonds?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$1.13 to retire the proposed bonds.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

The proposed bonds will not increase the maximum attainable Girdwood Valley Service Area mill rate approved pursuant to AMC 27.30.020.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. - The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.

- Signs in the consumption area warning that marijuana
 - has intoxicating effects,

 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

For the purpose of providing areawide facilities capital improvements within the Municipality of Anchorage, including at the Anchorage Senior Activity Center and Chugiak-Eagle River Senior Center and the Loussac and Mt. View libraries, said improvements involving building safety rehabilitation and upgrades, facility renovations, code improvement projects, elevator modernization, ADA compliance, seismic modifications and other capital improvements, as provided in AO 2019-154, As Amended, shall Anchorage borrow money and issue up to \$5,375,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$52,000 to pay for associated annual operations and maintenance costs?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) (i) an annual increase in taxes of approximately \$1.20 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.15 to pay for annual operation and maintenance costs related to the proposed capital improvements.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

For the purpose of upgrading the infrastructure of the Anchorage Area-Wide Radio Network, acquiring new replacement ambulances and replacement cardiac monitors, making improvements to transit facilities and centers, acquiring and replacing transit vehicles and support equipment, updating automated operating system/management information systems and undertaking bus stop improvements and related capital improvements in Anchorage as provided in AO 2019-153, shall Anchorage borrow money and issue up to \$5,095,000 in principal amount of general obligation bonds?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$1.13 to retire the proposed bonds.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. - The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.

 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

FACILITIES BONDS**

For the purpose of acquiring new APD replacement fleet vehicles and undertaking certain capital improvements in the Anchorage Metropolitan Police Service Area as provided in AO 2019-151, shall Anchorage borrow money and issue up to \$2,400,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$30,000 to pay for associated annual operations and maintenance costs?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 assessed valuation in the Anchorage Metropolitan Police Service Area) (i) an annual increase in taxes of approximately \$0.55 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.09 to pay for annual operation and maintenance costs related to the proposed capital improvements.

The debt shall be paid from real and personal property taxes levied and collected within the Anchorage Metropolitan Police Service Area, which consists of areas north of McHugh Creek (other than Fire Island), without cost to properties in Girdwood, Bird, Indian, Rainbow, Portage and other areas outside the Service Area. The Municipality will also pledge its full faith and credit for payment of the bonds.

View libraries, said improvements involving building safety rehabilitation and upgrades, facility renovations, code improvement projects, elevator modernization, ADA compliance, seismic modifications and other capital improvements, as provided in AO 2019-154, As Amended, shall Anchorage borrow money and issue up to \$5,375,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$52,000 to pay for associated annual operations and maintenance costs?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) (i) an annual increase in taxes of approximately \$1.20 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.15 to pay for annual operation and maintenance costs related to the proposed capital improvements.

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$1.13 to retire the proposed bonds.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,

 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. - The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.

 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.

- Signs in the consumption area warning that marijuana
 - has intoxicating effects,

 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.

 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA**

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

PROPOSITION NO. 11

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas.  - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

The proposed bonds will not increase the maximum attainable Girdwood Valley Service Area mill rate approved pursuant to AMC 27.30.020.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

For the purpose of providing areawide facilities capital improvements within the Municipality of Anchorage, including at the Anchorage Senior Activity Center and Chugiak-Eagle River Senior Center and the Loussac and Mt. View libraries, said improvements involving building safety rehabilitation and upgrades, facility renovations, code improvement projects, elevator modernization, ADA compliance, seismic modifications and other capital improvements, as provided in AO 2019-154, As Amended, shall Anchorage borrow money and issue up to \$5,375,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$52,000 to pay for associated annual operations and maintenance costs?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) (i) an annual increase in taxes of approximately \$1.20 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.15 to pay for annual operation and maintenance costs related to the proposed capital improvements.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

For the purpose of upgrading the infrastructure of the Anchorage Area-Wide Radio Network, acquiring new replacement ambulances and replacement cardiac monitors, making improvements to transit facilities and centers, acquiring and replacing transit vehicles and support equipment, updating automated operating system/management information systems and undertaking bus stop improvements and related capital improvements in Anchorage as provided in AO 2019-153, shall Anchorage borrow money and issue up to \$5,095,000 in principal amount of general obligation bonds?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$1.13 to retire the proposed bonds.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. - The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.

 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

ANCHORAGE METROPOLITAN POLICE SERVICE AREA
FACILITIES BONDS**

For the purpose of acquiring new APD replacement fleet vehicles and undertaking certain capital improvements in the Anchorage Metropolitan Police Service Area as provided in AO 2019-151, shall Anchorage borrow money and issue up to \$2,400,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$30,000 to pay for associated annual operations and maintenance costs?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 assessed valuation in the Anchorage Metropolitan Police Service Area) (i) an annual increase in taxes of approximately \$0.55 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.09 to pay for annual operation and maintenance costs related to the proposed capital improvements.

The debt shall be paid from real and personal property taxes levied and collected within the Anchorage Metropolitan Police Service Area, which consists of areas north of McHugh Creek (other than Fire Island), without cost to properties in Girdwood, Bird, Indian, Rainbow, Portage and other areas outside the Service Area. The Municipality will also pledge its full faith and credit for payment of the bonds.

View libraries, said improvements involving building safety rehabilitation and upgrades, facility renovations, code improvement projects, elevator modernization, ADA compliance, seismic modifications and other capital improvements, as provided in AO 2019-154, As Amended, shall Anchorage borrow money and issue up to \$5,375,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$52,000 to pay for associated annual operations and maintenance costs?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) (i) an annual increase in taxes of approximately \$1.20 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.15 to pay for annual operation and maintenance costs related to the proposed capital improvements.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

For the purpose of upgrading the infrastructure of the Anchorage Area-Wide Radio Network, acquiring new replacement ambulances and replacement cardiac monitors, making improvements to transit facilities and centers, acquiring and replacing transit vehicles and support equipment, updating automated operating system/management information systems and undertaking bus stop improvements and related capital improvements in Anchorage as provided in AO 2019-153, shall Anchorage borrow money and issue up to \$5,095,000 in principal amount of general obligation bonds?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$1.13 to retire the proposed bonds.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas.  - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas.  - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

PROPOSITION NO. 11

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA**

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. - Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

**PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA**

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - “Drive under the influence – lose your car” and describing applicable penalties.
 - “Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result.”
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

PROPOSITION NO. 10
GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

The proposed bonds will not increase the maximum attainable Girdwood Valley Service Area mill rate approved pursuant to AMC 27.30.020.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 10
GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. - The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

View libraries, said improvements involving building safety rehabilitation and upgrades, facility renovations, code improvement projects, elevator modernization, ADA compliance, seismic modifications and other capital improvements, as provided in AO 2019-154, As Amended, shall Anchorage borrow money and issue up to \$5,375,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$52,000 to pay for associated annual operations and maintenance costs?

**PROPOSITION NO. 8

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 10
GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 assessed valuation in the Girdwood Valley Service Area) an annual cost in taxes of approximately \$28.70 to retire the proposed bonds. The proposed bonds will not increase the maximum attainable Girdwood Valley Service Area mill rate approved pursuant to AMC 27.30.020.

The debt is anticipated to be paid from real and personal property taxes levied and collected within the Girdwood Valley Service Area, without cost to properties in Anchorage, Chugiak, Eagle River and other areas outside the Service Area. The Municipality will also pledge its full faith and credit for payment of the debt.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

**PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA**

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

For the purpose of providing areawide facilities capital improvements within the Municipality of Anchorage, including at the Anchorage Senior Activity Center and Chugiak-Eagle River Senior Center and the Loussac and Mt. View libraries, said improvements involving building safety rehabilitation and upgrades, facility renovations, code improvement projects, elevator modernization, ADA compliance, seismic modifications and other capital improvements, as provided in AO 2019-154, As Amended, shall Anchorage borrow money and issue up to \$5,375,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$52,000 to pay for associated annual operations and maintenance costs?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) (i) an annual increase in taxes of approximately \$1.20 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.15 to pay for annual operation and maintenance costs related to the proposed capital improvements.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$1.13 to retire the proposed bonds.

The debt shall be paid from real and personal property taxes levied and collected areawide within Anchorage. The Municipality will also pledge its full faith and credit for payment of the bonds.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.

 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA**

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

FACILITIES BONDS**

For the purpose of acquiring new APD replacement fleet vehicles and undertaking certain capital improvements in the Anchorage Metropolitan Police Service Area as provided in AO 2019-151, shall Anchorage borrow money and issue up to \$2,400,000 in principal amount of general obligation bonds and increase the municipal tax cap by an annual amount not to exceed \$30,000 to pay for associated annual operations and maintenance costs?

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 assessed valuation in the Anchorage Metropolitan Police Service Area) (i) an annual increase in taxes of approximately \$0.55 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.09 to pay for annual operation and maintenance costs related to the proposed capital improvements.

The debt shall be paid from real and personal property taxes levied and collected within the Anchorage Metropolitan Police Service Area, which consists of areas north of McHugh Creek (other than Fire Island), without cost to properties in Girdwood, Bird, Indian, Rainbow, Portage and other areas outside the Service Area. The Municipality will also pledge its full faith and credit for payment of the bonds.

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) (i) an annual increase in taxes of approximately \$1.20 to retire the proposed bonds and (ii) an annual increase in the municipal tax cap (Charter 14.03(b)(2)) of approximately \$0.15 to pay for annual operation and maintenance costs related to the proposed capital improvements.

Voter approval of this bond proposition authorizes for each \$100,000 of assessed taxable property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$1.13 to retire the proposed bonds.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

**PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA**

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. - The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.

 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA**

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.

- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.

 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

**PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA**

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

PROPOSITION NO. 10

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. - Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.

- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana

 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.

- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.

 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

**PROPOSITION NO. 9
AREAWIDE EMERGENCY MEDICAL SUPPLIES
AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

PROPOSITION NO. 11
ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.
- A smoke-free area for employees shall be provided, to monitor the marijuana consumption area at all times to ensure consumption is in compliance with applicable law.
- Signs in the consumption area warning that marijuana
 - has intoxicating effects,
 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?

AND SYSTEMS SPECIAL LEVY AND REDUCTION OF
VOTER-APPROVED INDEBTEDNESS**

For the purpose of renting or leasing cardiac monitors, chest compression systems, automated external defibrillators (AEDs), power gurney systems, and other emergency medical equipment and systems, as provided in AO 2020-3, shall Anchorage levy a special tax in the amount of \$830,000 annually, dedicated solely to those purposes, and rescind voter authorization in 2019, and any further voter authorization in 2020, to incur general obligation debt to purchase cardiac monitors and chest compression systems?

Voter approval of this proposition authorizes for each \$100,000 of assessed property value (based on the estimated 2020 areawide assessed valuation in Anchorage) an annual increase in taxes of approximately \$2.40.

Among other things, approval of this proposition will permit the Anchorage, Chugiak and Girdwood fire departments and the Anchorage Police Department to deploy uniform cardiac monitors, chest compression systems and AEDs, through a leasing arrangement. To purchase the equipment using the proceeds of general obligation bonds, rather than lease it, bonds in the principal amount of not less than \$11,260,533.94 would have to be issued over the next ten years. This proposition will eliminate that need.

If passed, this proposition would eliminate \$400,000 from the principal amount of indebtedness that could be authorized by the separate "Areawide Public Safety and Transit Capital Improvement Bonds" proposition, included as Proposition 8 on this ballot. It would also reduce the principal amount of indebtedness authorized by voters in 2019 by \$280,000.

The tax shall be from real and personal property taxes levied and collected areawide within Anchorage.

GIRDWOOD VALLEY SERVICE AREA FACILITIES BONDS

For the purpose of building a new community building to replace Glacier City Hall and Little Bears facilities and making related capital improvements in the Girdwood Valley Service Area, as provided in AO 2020-1, shall Anchorage borrow money and issue up to \$2,200,000 in principal amount of general obligation bonds?

ALLOWING ON-SITE CONSUMPTION OF MARIJUANA BY SMOKING OR INHALATION PER APPLICABLE LAW IN LICENSED RETAIL MARIJUANA STORES WITH AN ENDORSEMENT FOR AN ON-SITE CONSUMPTION AREA

This proposition would make it legal for licensed retail marijuana stores with a license and special land use permit endorsement approved by the Municipality and the State of Alaska to allow their customers to consume marijuana bud or flower by inhalation or smoking in their marijuana consumption areas. Currently it is legal for only edible marijuana products to be consumed in marijuana consumption areas.

As of October 2019 applicable law includes the following requirements for marijuana consumption areas where smoking or inhalation is allowed:

- Shall be separated by a secure door from the retail store or in sight-obscured outdoor areas.
- Shall only be accessible from the retail marijuana store premises.
- The odor of marijuana is not allowed to be detected by a person with a normal sense of smell at any lot line.

 - impairs concentration, coordination and judgment, and not to operate a vehicle or machinery under its influence,
 - has health risks,
 - use is restricted to adults twenty-one years and older,
 - should not be used by women who are pregnant or breastfeeding,
 - is unlawful to consume in public,
 - is prohibited by federal law to transport or carry on the Alaska waterways, including by cruise ships, or by air carrier,
 - is prohibited by federal law to transport or ship outside of the State of Alaska, and
 - is unlawful to provide to persons under the age of 21.

In addition, if this proposition is approved the Anchorage Municipal Code will be amended as provided in AO 2019-103(S), As Amended, to add these additional legal requirements or restrictions:

- Up to one gram of marijuana bud or flower may be sold by a licensed retail store to any one person per day for on-site consumption.
- The operating plan submitted with an application for an on-site consumption endorsement shall include plans for immediate cessation of smoking and inhalation use by persons in the consumption area, extinguishment of lighted marijuana, and rapid clearing of visible smoke in case of emergency circumstances.
- Additional signs required in the consumption area or at its entrance access:
 - "Drive under the influence – lose your car" and describing applicable penalties.
 - "Exposure to secondhand marijuana smoke may be harmful to your health, have intoxicating effects, and cause a positive drug test result."
- Amendments to the Secondhand Smoke Control Ordinance, AMC Chapter 16.65, that
 - Excepts approved on-site consumption areas from the prohibitions on smoking in enclosed public places and enclosed areas that are places of employment,
 - Implements the smoke-free area requirements for employees to monitor the consumption area consistent with the requirements of AMC chapter 10.80,
 - Prohibits employees from entering the marijuana consumption area when in use for smoking, except in emergency circumstances, and
 - Incorporates by reference the ventilation requirements of AMC sections 10.80.306 and 21.05.055 for the consumption area.

Shall it be legal in the Municipality for licensed retail marijuana stores to allow marijuana consumption by smoking or inhalation in on-site consumption areas?
