- Individual Donors and Volunteers

Russian Jack Springs Park Master Plan 2020

RECOMMENDATIONS

-  Upgrade and maintain existing paved multi-use trails including pavement replacement, site line improvements, additional lighting, and bridge upgrades.
-  Upgrade existing Nordic ski trails to improve usability.
-  Develop new singletrack trails in North Russian Jack Springs Park to provide for new recreational opportunities and activation of space.
-  Develop a new paved multi-use trail and tunnel in the western portion of Russian Jack Springs Park that connects the north and south portions of the park and creates an internal park loop.
-  Add trail amenities such as benches, wayfinding signage, trail kiosks, and lighting to improve navigation and highlight destinations within Russian Jack Springs Park.

Alaska Trails

5 hours ago · 🌐

On this Thankful Thursday, we are grateful to the 16 Highland Academy middle school and high school volunteers who came out to help finish the new mountain bike trails in Russian Jack! We couldn't do the work that we do to build and maintain trails without volunteers, and we truly appreciate everyone who comes out to help, with new trails and old!

If you'd like to join the fun, we have a number of volunteer events on our calendar, including two at Russian Jack on these moun... [See more](#)

Contractor – Happy Trails

Inspecting the Trails

Opening on July 9th

The project brings 3 miles of singletrack trails that have generally only been available on the south and west sides of town.
