PROJECT DETAILS

Scope: Runway Pavement, Edge Lighting & Controls, FAA NAVAIDs, and Rotating Beacon Improvements

FAA Grant Total (approx):

\$9 M (Construction, Management, Sponsor Admin)

Impacts:

- Increased aircraft operations on RW 16/34
- Increase in noise (to be mitigated as best possible)
- Intermittent airport lighting outages (daytime only)

Anticipated Impacts

- Runway 07/25 will remain closed (full length), 24 hours/day, through project duration (Summer 2025). Crossing taxiways will remain open at select locations for access to and from Taxiway Alpha.
- Runway 16/34 will have short-term, nightly runway closures when work is performed on Runway 07/25 that falls within Runway 16/34
- Runway 05/23 will remain open throughout project and closures are not anticipated.

Schedule (Approximate)
