CHRIS PIKE

Renewable Independent Power Producers (RIPP)

THE RENEWABLE IPP MISSION & WHAT WE DO

Mission:

“Diversify Alaska’s energy generation mix & suppress energy costs by delivering economic renewable energy projects”

Who We Are:

- Alaska-grown, small business, co-founded (2017) by four engineers
- CleanCapital joined partnership in 2022 and finances projects moving forward

What We Do

- Develop and operate utility scale solar farms:
 - ❑ Land
 - ❑ Financing
 - ❑ Power Purchase Agreement
 - ❑ Preliminary Engineering Design
 - ❑ Support Detailed Engineering, Procurement & Construction
 - ❑ Operation & Maintenance

Original Renewable IPP Partners (left to right):
Sam Dennis, Chris Colbert, Grant Smith & Jenn Miller
