2 million in general plant improvements, \$3.2 million in rehabilitation, repair and renovation of
3 existing facilities; \$6.2 million in trunk and interceptor facilities and \$100,000 in assessment

5 Requirement; to capitalize interest on a portion of the Bonds; and to pay costs of issuance.

6 The exact principal amount of the Bonds shall be determined at the time of marketing of
7 the Bonds and shall be consistent with the pricing guidelines established in Section 23 of this
8 ordinance.

9 Section 5. Place and Medium of Payment. The principal of and interest on the Bonds
10 shall be payable in lawful money of the United States of America. Interest on the Bonds shall be
11 calculated on the basis of a 360-day year and twelve 30-day months. For so long as all Bonds are
12 in book-entry only form, such payments of principal and interest thereon shall be made as
13 provided in the operational arrangements of DTC as referred to in the Letter of Representations.

14 In the event that the Bonds are no longer in book-entry only form, interest on the Bonds
15 shall be paid by check or draft mailed to the Registered Owners of the Bonds at the addresses for
16 such Registered Owners appearing on the Bond Register on the 15th day of the month preceding
17 the interest payment date. Principal of the Bonds shall be payable upon presentation and
18 surrender of such Bonds by the Registered Owners at the principal office of the Registrar.

19 Section 6. Registration, Transfer and Exchange.

20 (a) *Appointment of Registrar.* The Bonds shall be issued only in registered
21 form as to both principal and interest. U.S. Bank National Association, Seattle, Washington, is
22 appointed initially to serve as the authenticating agent, paying agent and bond registrar (the
23 "Registrar"). The Municipality is hereby authorized to enter into a written agreement with the

1 Registrar to evidence the Registrar's commitment to act as Registrar in accordance with the
2 terms set forth in this ordinance and providing for the payment of the fees and expenses of the
3 Registrar. The Registrar may be removed at any time at the option of the Municipality upon
4 prior notice to the Registrar, the Bond Insurer, if any, DTC, each NRMSIR and SID, if any, and a
5 successor Registrar appointed. Each Registrar shall warrant at the time of acceptance of its
6 duties hereunder that it (i) is a trust company or bank in good standing located in or incorporated
7 under the laws of a state of the United States; (ii) is duly authorized to exercise trust powers; and
8 (iii) is subject to examination by a federal or state authority. No resignation or removal of the
9 Registrar shall be effective until a successor shall have been appointed and until the successor
10 Registrar shall have accepted the duties of the Registrar hereunder.

11 The Registrar shall keep, or cause to be kept, at its principal corporate trust office,
12 sufficient books for the registration and transfer of the Bonds which shall at all times be open to
13 inspection by the Municipality (the "Bond Register"). The Registrar is authorized, on behalf of
14 the Municipality, to authenticate and deliver Bonds transferred or exchanged in accordance with
15 the provisions of such Bonds and this ordinance and to carry out all of the Registrar's powers and
16 duties under this ordinance. The Registrar shall be responsible for its representations contained
17 in the Certificate of Authentication on the Bonds.

18 (b) *Letter of Representations/Book-Entry System.* In order to induce DTC to
19 accept the Bonds as eligible for deposit at DTC, the Municipality has executed and delivered the
20 Letter of Representations. The Bonds initially issued shall be held in book-entry only form by
21 DTC acting as depository pursuant to the terms and conditions set forth in the Letter of
22 Representations.

1 (c) *Municipality and Registrar Not Responsible for DTC.* Neither the
2 Municipality nor the Registrar will have any responsibility or obligation to DTC participants or
3 the persons for whom they act as nominees with respect to the Bonds in respect of the accuracy
4 of any records maintained by DTC or any DTC participant, the payment by DTC or any DTC
5 participant of any amount in respect of the principal or interest on the Bonds, any notice which is
6 permitted or required to be given to Registered Owners under this ordinance (except such notices
7 as shall be required to be given by the Municipality to the Registrar and the Bond Insurer, if any,
8 or to DTC), or any consent given or other action taken by DTC as the Registered Owner.

9 (d) *DTC as Registered Owner.* The Municipality and the Registrar, each in its
10 discretion, may deem and treat the Registered Owner as the absolute owner thereof for all
11 purposes, and neither the Municipality nor the Registrar shall be affected by any notice to the
12 contrary. Payment of any such Bond shall be made only as described in this section, but such
13 registration may be transferred as herein provided. All such payments made as described in this
14 section shall be valid and shall satisfy and discharge the liability of the Municipality upon such
15 Bond to the extent of the amount or amounts so paid. The Municipality and the Registrar shall
16 be entitled to treat DTC as the absolute owner of all Bonds for all purposes of this ordinance and
17 any applicable laws, notwithstanding any notice to the contrary received by the Registrar or the
18 Municipality. Neither the Municipality nor the Registrar will have any responsibility or
19 obligation, legal or otherwise, to any other party including DTC or its successor (or substitute
20 depository or its successor), except to the Registered Owners.

21 (e) *Use of DTC/Book-Entry System.*

22 (1) *Bonds Registered in the Name Designated by DTC.* The Bonds
23 shall be registered initially in the name of "Cede & Co.," as nominee of DTC, with one Bond for

1 each maturity in a denomination corresponding to the total principal therein designated to mature
2 on such date. Registered ownership of such immobilized Bonds, or any portions thereof, may not
3 thereafter be transferred except (i) to any successor of DTC or its nominee, *provided that* any
4 such successor shall be qualified under any applicable laws to provide the service proposed to be
5 provided by it; (ii) to any substitute depository appointed by the Municipality pursuant to
6 subparagraph (2) below or such substitute depository's successor; or (iii) to any person as
7 provided in paragraph (4) below.

8 (2) *Substitute Depository.* Upon the resignation of DTC or its
9 successor (or any substitute depository or its successor) from its functions as depository or a
10 determination by the Municipality that it is no longer in the best interest of owners of beneficial
11 interests in the Bonds to continue the system of book entry transfers through DTC or its
12 successor (or any substitute depository or its successor), the Municipality may thereafter appoint
13 a substitute depository. Any such substitute depository shall be qualified under any applicable
14 laws to provide the services proposed to be provided by it.

15 (3) *Issuance of New Bonds to Successor/Substitute Depository.* In the
16 case of any transfer pursuant to clause (i) or (ii) of paragraph (1) above, the Registrar shall, upon
17 receipt of all outstanding Bonds, together with a written request on behalf of the Municipality,
18 issue a single new Bond for each maturity of such Bonds then outstanding, registered in the name
19 of such successor or such substitute depository, or their nominees, as the case may be, all as
20 specified in such written request of the Municipality.

21 (4) *Termination of Book-Entry System.* In the event that (i) DTC or its
22 successor (or substitute depository or its successor) resigns from its functions as depository, and
23 no substitute depository can be obtained, or (ii) the Municipality determines that it is in the best

1 interest of the owners of beneficial interests in the Bonds that they be able to obtain Bond
2 certificates, the ownership of Bonds may then be transferred to any person or entity as herein
3 provided, and the Bonds shall no longer be held in book-entry only form. The Municipality shall
4 deliver a written request to the Registrar, together with a supply of definitive Bonds, to issue
5 Bonds as herein provided in any authorized denomination. Upon receipt of all then Outstanding
6 Bonds by the Registrar together with a written request on behalf of the Municipality to the
7 Registrar, new Bonds shall be issued in such denominations and registered in the names of such
8 persons as are requested in such written request.

9 (f) *Transfer or Exchange of Registered Ownership; Change in*
10 *Denominations.* If the Bonds are no longer held in immobilized, book-entry form, the registered
11 ownership of any Bond may be transferred or exchanged, but no transfer of any Bond shall be
12 valid unless it is surrendered to the Registrar with the assignment form appearing on such Bond
13 duly executed by the Registered Owner or such Registered Owner's duly authorized agent in a
14 manner satisfactory to the Registrar. Upon such surrender, the Registrar shall cancel the
15 surrendered Bond and shall authenticate and deliver, without charge to the Registered Owner or
16 transferee therefor, a new Bond (or Bonds at the option of the new Registered Owner) of the
17 same date, maturity and interest rate and for the same aggregate principal amount in any
18 authorized denomination, naming as Registered Owner the person or persons listed as the
19 assignee on the assignment form appearing on the surrendered Bond, in exchange for such
20 surrendered and canceled Bond. Any Bond may be surrendered to the Registrar and exchanged,
21 without charge, for an equal aggregate principal amount of Bonds of the same date, maturity and
22 interest rate, in any authorized denomination. The Registrar shall not be obligated to transfer or
23 exchange any Bond during the 15 days preceding any interest payment date or principal payment

1 date. No charge shall be imposed upon Registered Owners in connection with any transfer or
2 exchange, except for taxes or governmental charges related thereto.

3 (g) *Registration Covenant.* The Municipality covenants that, until all Bonds
4 have been surrendered and canceled, it will maintain a system for recording the ownership of
5 each Bond that complies with the provisions of Section 149 of the Code.

6 Section 7. Right of Prior Redemption and Purchase. The Bonds may be subject to
7 optional or mandatory redemption prior to their scheduled maturity as determined in accordance
8 with the terms of Section 23 of this ordinance. Notwithstanding the foregoing, the Municipality
9 reserves the right, whenever it has money in the Wastewater Fund over and above the amounts
10 necessary to satisfy the requirements of Section 12, First through Seventh, to use such money at
11 any time to purchase any of the Bonds for retirement, but only if the same may be purchased at a
12 price (including brokerage and similar charges) deemed advantageous to the Municipality by its
13 Chief Fiscal Officer.

14 Section 8. Notice of Redemption. Notice of any intended redemption of Bonds shall
15 be given not less than 30 nor more than 45 days prior to the date fixed for redemption by United
16 States mail to Registered Owners of the Bonds to be redeemed at their addresses as they appear
17 on the Bond Register on the day the notice is mailed; *provided, however*, that for so long as the
18 Bonds are held in book-entry only form, all notices shall be given only in accordance with the
19 operational requirements then in effect at DTC, as referred to in the Letter of Representations.
20 Neither the Municipality nor the Registrar will provide any notices to Beneficial Owners. The
21 requirements of this section shall be deemed to be complied with when notice is mailed as herein
22 provided, whether or not it is actually received by the Registered Owner or any Beneficial
23 Owner.

1 All official notices of redemption shall be dated and shall state:

2 (a) the redemption date;

3 (b) the redemption price;

4 (c) if fewer than all Outstanding Bonds are to be redeemed, the identification
5 (and, in the case of partial redemption, the respective principal amounts per maturity) of the
6 Bonds to be redeemed;

7 (d) that on the redemption date the redemption price will become due and
8 payable upon each such Bond or portion thereof called for redemption, and that interest thereon
9 shall cease to accrue from and after said date; and

10 (e) the place where such Bonds are to be surrendered for payment of the
11 redemption price, which place shall be designated by the Registrar.

12 On or before any redemption date, the Municipality shall deposit with the Registrar an
13 amount of money sufficient to pay the redemption price of all the Bonds or portions of Bonds
14 which are to be redeemed on that date.

15 Official notice of redemption having been given as aforesaid, the Bonds or portions of
16 Bonds to be redeemed shall, on the redemption date, become due and payable at the redemption
17 price therein specified, and from and after such date (unless the Municipality shall default in the
18 payment of the redemption price) such Bonds or portions of Bonds shall cease to bear interest.
19 Upon surrender of such Bonds for redemption in accordance with said notice, such Bonds shall
20 be paid by the Registrar at the redemption price. Installments of interest due on or prior to the
21 redemption date shall be payable as herein provided for payment of interest. All Bonds which
22 have been redeemed shall be cancelled and destroyed by the Registrar and shall not be reissued.

1 In addition to the foregoing notice, further notice shall be given by the Registrar as set out
2 below, but no defect in said further notice nor failure to give all or any portion of such further
3 notice shall in any manner defeat the effectiveness of a call for redemption if notice thereof is
4 given as above prescribed.

5 Section 9. Form of Bonds. The Bonds shall be in substantially the following form
6 with such additions and modifications as shall be appropriate to reflect the final negotiated terms
7 of the Bonds.

15 furnish to the Registrar evidence satisfactory to it of the theft, destruction or loss of the original
16 Bond, and of the ownership thereof, and also such security and indemnity as may be required by

1 Section 12. Wastewater Fund and Priority of Use of Gross Revenues. There has
2 heretofore been created and maintained by the Municipality a special fund No. 550 known as the
3 “Wastewater Fund.” Gross Revenues and the moneys in the Wastewater Fund are hereby
4 pledged to and shall be used only for the following purposes and in the following order of
5 priority:

6 First, to pay Operating Expenses except Municipal Utility Service Assessments or
7 any assessment levied in lieu of municipal taxes;

8 Second, to make all payments, including sinking fund payments, required to be
9 made into the Bond Fund for the payment of the principal of and interest on any Parity Bonds
10 and any publicly offered revenue bonds issued on a parity of lien therewith;

11 Third, to make all payments required to be made into the Reserve Account;

12 Fourth, to make all payments, including sinking fund payments, required to be
13 made into a subordinate lien debt service account for the payment of the principal of and interest
14 on any bonds subordinate to the Bonds;

15 Fifth, to make all payments required to be made into a reserve account for bonds
16 subordinate to the Bonds;

17 Sixth, to make all required payments of Municipal Utility Service Assessments or
18 other assessments levied in lieu of municipal taxes;

19 Seventh, to repay all loans received by the Municipality from the Alaska Clean
20 Water Fund; and

21 Eighth, to make payments not otherwise made as Operating Expenses into any
22 fund or account to pay or secure the payment of debt service on general obligation bonds issued
23 for System purposes, to pay the costs of additions, betterments, improvements and repairs to and

1 extensions and replacements of the System, to make legally authorized payments into any other
2 fund or account of the Municipality, to purchase or redeem wastewater revenue bonds or notes of
3 the Municipality, or for any other proper purpose in connection with the operation of the System.

4 Section 13. Bond Fund and Account Therein. There has heretofore been created
5 pursuant to Ordinance No. AO-119(S) and maintained a special fund of the Municipality known
6 as the "Wastewater Revenue Bond Redemption Fund" (the "Bond Fund"), which fund is a trust
7 fund to be drawn upon for the sole purpose of paying the principal of and interest and premium,
8 if any, on all Parity Bonds. The Bond Fund includes a special account therein to be designated as
9 the Reserve Account.

10 The Municipality hereby obligates and binds itself irrevocably to set aside and to pay (to
11 the extent not otherwise provided) into the Bond Fund, certain fixed amounts from Net
12 Revenues, without regard to any fixed proportion of said revenues, sufficient to pay the principal
13 of and premium, if any, and interest on all Parity Bonds from time to time outstanding as the
14 same respectively become due and payable either at the maturity thereof or in accordance with
15 the terms of any sinking fund provided for the retirement of term Parity Bonds. The payments
16 into the Bond Fund for the payment of the Parity Bonds shall constitute a charge and lien upon
17 Net Revenues of equal rank with the charge and lien on said Net Revenues for the payments
18 required to be made into the Bond Fund for the payment of the principal of, premium, if any, and
19 interest on any Future Parity Bonds.

20 The Municipality hereby irrevocably obligates and binds itself to set aside and pay into
21 the Bond Fund out of Net Revenues or out of any other moneys legally available therefor on or
22 before the date on which any payment of Annual Debt Service is due such amounts as will be

1 sufficient to pay Annual Debt Service scheduled to become due on the date of maturity of such
2 Parity Bonds.

3 The Bond Fund shall be drawn upon solely for the purpose of paying the principal of and
4 premium, if any, and interest on Parity Bonds. Moneys set aside from time to time with the
5 Registrar for such payments shall be held in trust for the owners of the Parity Bonds in respect of
6 which the same shall have been so set aside. Until so set aside, all moneys in the Bond Fund
7 shall be held in trust for the benefit of the owners of all Parity Bonds at the time outstanding
8 equally and ratably.

9 Section 14. Reserve Account. The Municipality hereby covenants and agrees that it
10 will set aside and pay into the Reserve Account from proceeds of the Bonds or otherwise, an
11 amount, so that the amount on deposit in the Reserve Account will be at least equal to the
12 Reserve Account Requirement no later than the date of issuance of the Parity Bonds.

13 The Reserve Account Requirement may be maintained by deposits of cash, a Qualified
14 Letter of Credit or Qualified Insurance, or a combination of the foregoing. To the extent that the
15 Municipality obtains a Qualified Letter of Credit or Qualified Insurance in substitution for cash
16 or securities in the Reserve Account, all or a portion of the money on hand in the Reserve
17 Account shall be transferred to the fund or account, specified by the Chief Fiscal Officer within
18 the limitations permitted by Section 19 of this ordinance. In computing the amount on hand in
19 the Reserve Account, Qualified Insurance and/or a Qualified Letter of Credit shall be valued at
20 the face amount thereof, and all other obligations purchased as an investment of moneys therein
21 shall be valued at cost. As used herein, the term "cash" shall include U.S. currency, cash
22 equivalents and evidences thereof, including demand deposits, certified or cashier's check; and

1 the deposit to the Reserve Account may be satisfied by the transfer of qualified investments to
2 such account.

3 The Municipality further covenants and agrees that in the event it issues any Future Parity
4 Bonds hereafter it will provide in each ordinance authorizing the same that approximately equal
5 annual payments will be made into the Reserve Account out of the Wastewater Fund so that
6 within five years or less from the date of issuance of such Parity Bonds, the total amount of such
7 payments together with the money already in the Reserve Account, including any amounts
8 funded, will be equal to the Reserve Account Requirement.

9 The Municipality further covenants and agrees that when said required amounts have
10 been deposited in the Reserve Account it will at all times maintain therein an amount at least
11 equal to the Reserve Account Requirement until there is a sufficient amount in the Bond Fund,
12 including the Reserve Account, to pay the principal of, premium, if any, and interest on all
13 outstanding Parity Bonds, at which time the money in the Reserve Account may be used to pay
14 such principal, premium, if any, and interest; *provided, however*, that moneys in the Reserve
15 Account may be withdrawn, or set aside in a special account in the Bond Fund pursuant to
16 Section 22 of this ordinance, to pay (with or without other available funds) the principal,
17 premium, if any, and interest on all of the outstanding bonds of any single issue or series payable
18 out of the Bond Fund, so long as the moneys remaining on deposit in the Reserve Account are at
19 least equal to the Reserve Account Requirement with respect to all of the remaining Parity Bonds
20 then Outstanding. The Municipality may, from time to time, transfer from the Reserve Account
21 to the Bond Fund amounts in excess of the Reserve Account Requirement.

22 In the event there shall be a deficiency in the Bond Fund for meeting maturing
23 installments of either principal of or interest on, or mandatory redemption requirements on,

1 Parity Bonds, such deficiency shall be made up from the Reserve Account by the withdrawal of
2 cash therefrom, and then from a drawing on any Qualified Letter of Credit or Qualified
3 Insurance. Any deficiency created in the Reserve Account by reason of any such withdrawal
4 shall then be made up from the money in the Wastewater Fund first available therefor after
5 making necessary provision for the required payments into the Bond Fund. Investments in the
6 Reserve Account shall be valued at amortized cost except that in the event of a deficiency in the
7 Reserve Account caused by the withdrawal or transfer of moneys therefrom, the amount of such
8 deficiency shall be determined by valuing all investments in the Reserve Account at the then
9 market value.

10 All money in the Reserve Account may be kept in cash or invested in Government
11 Obligations. Such investments shall mature not later than the last maturity of outstanding Parity
12 Bonds outstanding at the time of said purchase. Interest on any such investments and/or any
13 profits realized from the sale thereof shall be deposited in and become a part of the Reserve
14 Account.

15 Section 15. Adequacy of Net Revenues. The corporate authorities of the Municipality
16 hereby declare that in fixing the amounts to be paid into the Bond Fund hereinbefore provided for
17 they have exercised due regard for Operating Expenses and have not obligated the Municipality
18 to set aside and pay into said Bond Fund a greater amount of Net Revenues than in their
19 judgment will be available over and above Operating Expenses and such other payments.

20 Section 16. Specific Covenants. The Municipality hereby makes the following
21 covenants with the Registered Owner of each of the outstanding Parity Bonds for as long as any
22 of the same remain outstanding.

1 (a) *Rate Covenant.* The Municipality will establish, maintain and collect rates
2 and charges for wastewater treatment service and all other services or facilities furnished or
3 supplied by the System in each fiscal year that will provide Net Revenues in an amount equal to
4 at least 1.15 times the Annual Debt Service Requirement for such year on all outstanding Parity
5 Bonds.

6 (b) *Maintenance of System.* The Municipality will at all times maintain,
7 preserve and keep the System and every part and parcel thereof in good repair, working order and
8 condition; will from time to time make or cause to be made all necessary and proper repairs,
9 renewals and replacements thereto so that the business carried on in connection therewith may be
10 properly and advantageously conducted; and will at all times operate the System in an efficient
11 manner and at a reasonable cost.

12 (c) *Insurance.* The Municipality will at all times carry fire insurance and such
13 other forms of insurance on such of the buildings, equipment, property and facilities of the
14 System as are ordinarily insured in such amounts and with such deductibles as under good
15 business practice are ordinarily carried on such buildings, equipment, property and facilities.

16 (d) *Use of Money in Wastewater Fund.* The Municipality will not expend any
17 of the money in the Wastewater Fund for any extensions or betterments which are not
18 economically sound and which will not contribute to the operation of the System in an efficient
19 and economical manner unless such extensions or betterments are required by law or by any
20 regulatory body having valid jurisdiction.

21 (e) *Books and Accounts.* The Municipality will keep and maintain proper
22 books and accounts with respect to the operation of the System in such manner as prescribed by
23 any authorities having jurisdiction over the System; will cause its books and accounts to be

1 audited annually by a certified public accountant, copies of which audits shall, upon request, be
2 furnished to the purchaser or purchasers or owners of the Parity Bonds. Said audit shall show
3 whether or not the Municipality has in all respects performed and complied with the covenants
4 set forth in this ordinance, including the payments into the Bond Fund and Reserve Account
5 herein provided for.

6 (f) *Bonded Employees and Agents.* All employees and agents of the
7 Municipality collecting or handling money of the Municipality in connection with the
8 management and operation of the System shall be bonded in an amount commensurate with the
9 funds they handle and in an amount sufficient to protect the Municipality from loss.

10 (g) *Disposal of Properties.* The Municipality will not mortgage, sell, lease, or
11 in any manner encumber or dispose of all or substantially all the property of the System
12 (voluntarily or involuntarily), unless provision is made for payment into the Bond Fund of a sum
13 sufficient to pay the principal of, premium, if any, and interest on all outstanding bonds payable
14 therefrom, nor will it mortgage, sell, lease, or in any manner encumber or dispose of (including
15 but not limited to a disposition by transfer to another public or private organization) voluntarily
16 or involuntarily any part of the System that is used, useful and material to the operation of the
17 System unless

18 (i) the Municipality certifies, based upon reasonable expectations, that
19 the remaining assets of the System shall be sufficient to continue regular operations of the
20 Municipality on a financially sound basis for a period of at least five years, and

21 (ii) provision is made for replacement thereof or for payment into the
22 Bond Fund of the total amount of revenue received which shall not be less than an amount which
23 shall bear the same ratio to the amount of outstanding Parity Bonds as the greater of:

1 (1) the Net Revenues for such outstanding Parity Bonds for the
2 12 months preceding such sale, lease, encumbrance or disposal from the portion of the System
3 sold, leased, encumbered or disposed of bears to the Net Revenues for such Parity Bonds from
4 the entire System for the same period;

5 (2) the Gross Revenues for the 12 months preceding such sale,
6 lease, encumbrance or disposal from the portion of the System sold, leased, encumbered or
7 disposed of bears to the Gross Revenues of the System for the same period;

8 (3) the proportion of assets (on a depreciated basis) allocable to
9 the assets being sold, leased, encumbered or disposed of bears to the total assets of the System; or

10 (4) the proportion of customers of the Municipality allocable to
11 the assets being sold, leased, encumbered or disposed of bears to the total number of customers
12 of the System, *provided, however,* that the Municipality may dispose of any portion of the
13 facilities of the System up to an aggregate of five percent of the book value of the total assets of
14 the System without the requirement for any deposit to the Bond Fund as hereinabove provided.

15 Any such moneys so paid into the Bond Fund shall be used to retire such outstanding
16 Parity Bonds at the earliest possible date. Any money received by the Municipality as
17 condemnation awards, insurance proceeds or the proceeds of sale, if not deposited to the Bond
18 Fund, shall be used for the replacement of facilities of the System.

1 Section 17. Tax Covenants.

2 (a) *Covenants Regarding Arbitrage and Private Activity Bonds.* The
3 Municipality hereby covenants that it will not make any use of the proceeds of sale of the Bonds
4 or any other funds of the Municipality which may be deemed to be proceeds of such Bonds
5 pursuant to Section 148 of the Code which will cause the Bonds to be “arbitrage bonds” within
6 the meaning of said section and the applicable regulations thereunder. The Municipality will
7 comply with the requirements of Section 148 of the Code (or any successor provision thereof
8 applicable to the Bonds) and the applicable regulations thereunder throughout the term of the
9 Bonds.

10 The Municipality will take any action determined by the Municipality, after consultation
11 with its bond counsel, to be legal and practicable and required to be taken by the Municipality
12 under future federal laws or regulations in order to maintain the exemption of the interest on the
13 Bonds from federal income taxation.

14 (b) *Arbitrage Rebate.* The Municipality shall compute and pay the Rebate
15 Amount, if necessary, as provided in the Arbitrage and Tax Certification.

16 (c) *Qualification Under Section 265(b) of the Code.* The Municipality has not
17 designated the Bonds as “qualifying tax-exempt obligations” pursuant to Section 265(b) of the
18 Code for investment by financial institutions. The Municipality anticipates that it will issue more
19 than \$10,000,000 in tax exempt obligations during 2003.

20 (d) *Private Person Use Limitation for Bonds.* The Municipality covenants
21 that for as long as the Bonds are outstanding, it will not permit:

22 (1) More than 10% of the Net Proceeds of the Bonds to be used for
23 any Private Person Use; and

1 (2) More than 10% of the principal or interest payments on the Bonds
2 in a Bond Year to be directly or indirectly: (A) secured by any interest in property used or to be
3 used for any Private Person Use or secured by payments in respect of property used or to be used
4 for any Private Person Use, or (B) derived from payments (whether or not made to the
5 Municipality) in respect of property, or borrowed money, used or to be used for any Private
6 Person Use.

7 The Municipality further covenants that, if:

8 (3) More than five percent of the Net Proceeds of the Bonds are to be
9 used for any Private Person Use; and

10 (4) More than five percent of the principal or interest payments on the
11 Bonds in a Bond Year are (under the terms of this ordinance or any underlying arrangement)
12 directly or indirectly:

13 (A) secured by any interest in property used or to be used for
14 any Private Person Use or secured by payments in respect of property used or to be used for any
15 Private Person Use, or

16 (B) derived from payments (whether or not made to the
17 Municipality) in respect of property, or borrowed money, used or to be used for any Private
18 Person Use, then, (i) any Private Person Use of the Projects described in subsection (3) hereof or
19 Private Person Use payments described in subsection (4) hereof that is in excess of the five
20 percent limitations described in such subsections (3) or (4) will be for a Private Person Use that
21 is related to the state or local governmental use of the Projects, and (ii) any Private Person Use
22 will not exceed the amount of Net Proceeds of the Bonds used for the state or local governmental
23 use portion of such Projects to which the Private Person Use of such portion of the Projects

1 relates. The Municipality further covenants that it will comply with any limitations on the use of
2 the Projects by other than state and local governmental users that are necessary, in the opinion of
3 its bond counsel, to preserve the tax exemption of the interest on the Bonds. The covenants of
4 this section are specified solely to assure the continued exemption from regular income taxation
5 of the interest on the Bonds.

6 Section 18. Rate Stabilization Account. The Municipality has heretofore authorized,
7 by Section 17 of Ordinance No. 99-119(S), to be created a separate fund of the Municipality
8 designated as the "Rate Stabilization Account" in order to even out fluctuations in Net Revenues
9 and help to alleviate the need for short-term rate adjustments. Money in the Rate Stabilization
10 Account will be transferred as determined from time to time by the Municipality. The
11 Municipality may make payments into the Rate Stabilization Account from the Wastewater Fund
12 at any time. Money in the Rate Stabilization Account may be withdrawn at any time and used for
13 the purpose for which the Gross Revenue may be used. Amounts withdrawn from the Rate
14 Stabilization Account shall increase Gross Revenue for the period for which they are withdrawn,
15 and amounts deposited in the Rate Stabilization Account shall reduce Gross Revenue for the
16 period for which they are deposited. Credits to or from the Rate Stabilization Account that occur
17 within 90 days after the end of a Fiscal Year may be treated as occurring within such Fiscal Year.
18 Earnings on the Rate Stabilization Account shall be credited to the Wastewater Fund.

19 Section 19. Derivative Products. The following shall be conditions precedent to the
20 use of any Derivative Product on a parity with Bonds under this ordinance:

21 (a) *General Parity Tests.* The Derivative Product must satisfy the
22 requirements for Future Parity Bonds described in Section 20 of this ordinance.

1 (b) *Notice to Rating Agencies.* Before entering into any Derivative Product,
2 the Municipality shall provide prior written notice to each Rating Agency then maintaining a
3 rating with respect to Parity Bonds, together with drafts of the documentation evidencing the
4 Derivative Product.

5 (c) *Opinion of Bond Counsel.* The Municipality shall obtain an opinion of its
6 Bond Counsel on the due authorization and execution of such Derivative Product opining that the
7 action proposed to be taken is authorized or permitted by this ordinance or the applicable
8 provisions of any Series Ordinance and will not adversely affect the exclusion from regular
9 federal income tax of the interest on any Outstanding Parity Bonds.

10 (d) *Payments.* Each Derivative Product shall set forth the manner in which
11 the Municipality Payments and Reciprocal Payments are to be calculated and a schedule of
12 Derivative Payment Dates.

13 (e) *Series Ordinances to Govern Derivative Products.* Prior to entering into a
14 Derivative Product, the Municipality shall adopt a Series Ordinance, which shall:

15 (i) create and establish a Derivative Product Account or provide for
16 some other way to account for the use of a Derivative Product; establish general provisions for
17 the retention of Net Revenues in amounts sufficient to make, when due, Municipality Payments;

18 (ii) establish general provisions for the rights of providers of
19 Derivative Products or Derivative Facilities; and

20 (iii) set forth such other matters as the Municipality deems necessary or
21 desirable in connection with the management of Derivative Products as are not clearly
22 inconsistent with the provisions of this ordinance.

1 This ordinance may be amended in the future to reflect the lien position and priority of
2 any payments made in connection with a Derivative Product; *provided, however*, that no
3 amendment shall be made which permits a payment under a Derivative Product to constitute a
4 lien on Gross Revenue superior to that of Parity Bonds, and, *provided, further*, that termination
5 payments under Derivative Products may not attain a parity lien with Parity Bonds.

6 Section 20. Future Parity Bonds.

7 (a) *Limitations on Issuance of Bonds.* Except as provided in subsection (b)
8 below, the Municipality shall not issue any series of Parity Bonds or incur any additional
9 indebtedness with a parity lien or charge on Net Revenues (*i.e.*, on a parity of lien with Parity
10 Bonds at the time Outstanding) unless:

11 (i) the Municipality shall not have been in default of its Rate
12 Covenant for the immediately preceding fiscal year, and

13 (ii) there shall have been filed with Bond Counsel a certificate
14 (prepared as described in subsection (c) or (d) below) demonstrating fulfillment of the Coverage
15 Requirement, commencing with the first full fiscal year following the later of (1) the Date of
16 Commercial Operation of the Facilities to be financed with the proceeds of the Parity Bonds or
17 (2) the date on which any portion of interest on the series of Parity Bonds then being issued no
18 longer will be paid from the proceeds of such series of Parity Bonds and for the following two
19 fiscal years.

20 (b) *No Certificate Required.* The certificate described in the foregoing
21 subsection (a)(ii) shall not be required as a condition to the issuance of Bonds:

22 (i) if the Parity Bonds being issued are for the purpose of refunding
23 Outstanding Bonds upon compliance with the provisions of subsection (e); or

1 (ii) if the Parity Bonds are being issued to pay costs of construction of
2 facilities of the System for which Parity Bonds have been issued previously and the principal
3 amount of such Parity Bonds being issued for completion purposes does not exceed an amount
4 equal to an aggregate of 15% of the principal amount of Parity Bonds theretofore issued for such
5 facilities and reasonably allocable to the facilities to be completed as shown in a written
6 certificate of the Chief Fiscal Officer, and there is delivered to Bond Counsel a Consultant's
7 certificate stating that the nature and purpose of such Facilities has not materially changed.

8 (c) *Certificate of the Municipality Without A Consultant.* If required pursuant
9 to the foregoing subsection (a)(ii), a certificate may be delivered by the Municipality without a
10 Consultant if Net Revenues, based upon the financial statements of the Municipality for the Base
11 Period, corroborated by the most recently audited financial statements of the System, audited by
12 an independent certified public accounting firm, demonstrate that the Coverage Requirement will
13 be fulfilled commencing with the first full fiscal year following the later of (i) the Date of
14 Commercial Operation of the facilities to be financed with the proceeds of the Bonds as
15 reasonably estimated by the Municipality, or (ii) the date on which any portion of interest on the
16 series of Parity Bonds then being issued will not be paid from the proceeds of such series of
17 Parity Bonds and for the following two fiscal years; provided, however, the certificate of the
18 Municipality may make an adjustment to Net Revenues to reflect rate increases fully approved
19 and in effect to the extent that the revenue impact is not fully reflected in the audited financial
20 statements.

21 (d) *Certificate of a Consultant.* Unless compliance with the requirements of
22 subsection (a)(ii) have been otherwise satisfied (as provided in (b) or (c) above), compliance with

1 the Coverage Requirement of this Section 20 shall be demonstrated conclusively by a certificate
2 of a Consultant.

3 In making the computations of Net Revenues for the purpose of certifying compliance
4 with the Coverage Requirement of this Section 20 the Consultant shall use as a basis the Net
5 Revenues for the Base Period.

6 In making such computations the Consultant shall make such adjustments as follows:

7 (i) The Net Revenues derived from those customers of the System that
8 have become customers during such Base Period or thereafter and prior to the date of such
9 certificate, adjusted to reflect an estimate of a full year's Net Revenues from each such customer
10 to the extent such Net Revenues were not previously included.

11 (ii) The estimated annual Net Revenues to be derived from any person,
12 firm, association, private or municipal corporation under any executed contract for wastewater
13 treatment, which Net Revenues were not previously included in any of the sources of Net
14 Revenues.

15 (iii) The estimated annual Net Revenues to be derived from the
16 operation of any additions or improvements to or extensions of the System under construction
17 but not completed at the time of such certificate and not being paid for out of the proceeds of sale
18 of such Parity Bonds being issued, and which Net Revenues were not otherwise included in any
19 of the sources of Net Revenues.

20 (iv) The estimated annual Net Revenues to be derived from the
21 operation of any additions and improvements to or extensions of the System being paid for out of
22 the proceeds of sale of such Parity Bonds being issued.

1 (v) The estimated additional annual Net Revenues to be derived from
2 rate increases that have been fully approved by the regulatory authority with jurisdiction to
3 become effective thereafter if there has been any change in such rates and charges put into effect
4 or so approved during or after such 12-consecutive month rate period.

5 In the event the Municipality will not derive any Gross Revenues as a result of the
6 construction of the additions, improvements or extensions being or to be made to the System
7 within the provisions of subparagraphs (iii) and (iv) immediately above, the estimated Operating
8 Expenses of such additions, improvements and extensions shall be deducted from such Net
9 Revenues.

10 The computation of Net Revenues shall be adjusted to reflect the wastewater rates and
11 charges effective on the date of such certificate or approved by the regulatory authority with
12 jurisdiction to become effective thereafter if there has been any change in such rates and charges
13 put into effect or so approved during or after the Base Period.

14 (e) *Refunding of Parity Bonds.* Parity Bonds may be issued at any time for
15 the purpose of refunding (including by purchase) Parity Bonds, including amounts to pay
16 principal thereof and redemption premium, if any, and interest thereon to the date of redemption
17 (or purchase) and the expenses of issuing such Parity Bonds to purchase or refund the same and
18 of effecting such refunding upon delivery of a certificate as provided in (d) above. Such
19 refunding Parity Bonds also may be issued without a certificate if the Maximum Annual Debt
20 Service on all Parity Bonds to be Outstanding after the issuance of the refunding Parity Bonds
21 shall not be greater than the Maximum Annual Debt Service were such refunding not to occur.

22 (f) *Refunding of Other Bonds.* Parity Bonds may be issued at any time for
23 the purpose of refunding (including by purchase) any other bonds or obligations of the

1 Municipality, including amounts to pay principal thereof and redemption premium, if any, and
2 interest thereon to the date of redemption of such bonds (or purchase) and the expenses of issuing
3 the Parity Bonds to purchase or refund the same and of effecting such refunding; *provided,*
4 *however,* that prior to the issuance of such Parity Bonds the Municipality must provide a
5 certificate if required by (d) above.

6 (g) *Refunding by Necessity.* Parity Bonds may be issued for the purpose
7 of refunding (including by purchase) at any time within one year prior to maturity, any Parity
8 Bonds for the payment of which sufficient Net Revenues or other moneys are not available,
9 without the requirement of a certificate pursuant to (d) above.

10 Section 21. Liens Subordinate to Bonds. Nothing herein contained shall prevent the
11 Municipality from issuing revenue bonds or other obligations which are a charge upon the Gross
12 Revenue junior or inferior to the payments required by this ordinance to be made out of such
13 Gross Revenue to pay and secure the payment of any Parity Bonds.

14 Section 22. Defeasance. In the event that money and/or Acquired Obligations
15 maturing at such time or times and bearing interest to be earned thereon in amounts sufficient to
16 redeem and retire any or all of the Bonds in accordance with their terms are set aside in a special
17 trust account in the Bond Fund to effect such redemption or retirement and such money and the
18 principal of and interest on such obligations are irrevocably set aside and pledged for such
19 purpose, then no further payments need be made into the Bond Fund for the payment of the
20 principal of and interest on such Bonds, and such Bonds shall cease to be entitled to any lien,
21 benefit or security of this ordinance except the right to receive the funds so set aside and pledged,
22 and such Bonds shall be deemed not to be outstanding hereunder or under any other Series
23 Ordinance.

1 Section 23. Sale of Bonds. The Bonds shall be sold at negotiated sale to the
2 Underwriter. The Chief Fiscal Officer of the Municipality is hereby authorized to negotiate
3 terms for the purchase of the Bonds and execute a purchase contract with the Underwriter. The
4 Assembly has been advised by the Underwriter that market conditions are fluctuating and, as a
5 result, the most favorable market conditions may occur on a day other than a regular meeting date
6 of the Assembly. The Assembly has determined that it would be inconvenient to hold a special
7 meeting on short notice and, accordingly, has determined that it would be in the best interest of
8 the Municipality to delegate to the Chief Fiscal Officer for a limited time the authority to approve
9 final principal maturities on the Bonds and interest rates on the Bonds and other terms and
10 conditions. The final interest rates for the Bonds shall be determined by agreement among the
11 Underwriter, financial advisor and the Chief Fiscal Officer and shall be set forth as an exhibit to
12 the purchase contract for the Bonds. The Chief Fiscal Officer is hereby authorized to approve the
13 final principal maturities and final maturity amounts of the Bonds and the final interest rates and
14 yields for the Bonds in the manner provided hereafter for so long as the true interest cost on the
15 Bonds does not exceed 6%. In determining the maturities, principal amounts, redemption terms
16 and rate or rates of interest of the Bonds, the Chief Fiscal Officer shall, in consultation with the
17 Municipality's financial advisor, take into account those factors which, in her judgment, will
18 result in the lowest net effective interest cost on the Bonds to their maturity, including, but not
19 limited to current financial market conditions and current interest rates for obligations
20 comparable in tenor and quality to the Bonds. The Chief Fiscal Officer is hereby authorized to
21 execute the final form of the purchase contract for the Bonds, upon her approval of the final
22 principal maturities on the Bonds, redemption provisions and the interest rates set forth therein.
23 The authority granted to the Chief Fiscal Officer by this Section 23 shall expire in 90 days from

1 the date of approval of this ordinance, and if final interest rates have not been approved by the
2 Chief Fiscal Officer in accordance with the delegated authority of this Section 23 within 90 days,
3 no final Bond terms shall be approved without further advice and consultation of the Assembly at
4 a regular or special meeting.

5 Section 24. Application of Bond Proceeds. From the monies derived from the sale of
6 the Bonds;

7 (a) the accrued interest, if any, to the date of delivery of the Bonds shall be
8 deposited in the Bond Fund and shall be used to pay the interest on the Bonds coming due on
9 November 1, 2003;

10 (b) an amount designated by the Chief Fiscal Officer shall be deposited in the
11 Reserve Account to satisfy a portion of the Reserve Account Requirement;

12 (c) the balance of the proceeds of the Bonds shall be deposited in the fund of
13 the Municipality designated in the closing memorandum executed by the Chief Fiscal Officer (or
14 her designee) on the date of delivery of the Bonds and used to pay costs of issuance, to capitalize
15 interest on a portion of the Bonds; and pay or reimburse the Municipality for the costs of the
16 Projects.

17 Certain funds of the Municipality may be held and maintained in the custody of the
18 Registrar, as depository, under the terms of the written agreement with the Registrar. Those
19 funds may be further subdivided into accounts or subaccounts for accounting purposes. All such
20 money and securities held by the Registrar, as depository, shall be applied and invested only in
21 accordance with the terms of the agreement with the Registrar. All interest earnings from
22 investment, if any, of money held in any fund or account held by the Registrar shall accrue for
23 the benefit of the invested fund or account. All money, accounts and funds of the Municipality

1 that may be held by the Registrar, as depository, shall be and continue to be funds of the
2 Municipality and subject to the terms of this ordinance.

3 Section 25. General Authorization to Municipal Officials. After the sale, the proper
4 officials of the Municipality are hereby authorized and directed to do everything necessary to
5 complete such sale and delivery of the Bonds to the Underwriter upon payment of the purchase
6 price thereof.

7 Section 26. Approval of Official Statement. The Chief Fiscal Officer is hereby
8 authorized to review and approve on behalf of the Municipality the preliminary Official
9 Statement and to execute a certificate evidencing compliance with the Rule with such additions
10 and changes as may be deemed necessary or advisable to him. The Chief Fiscal Officer is hereby
11 authorized and directed to review and approve on behalf of the Municipality a final official
12 statement with respect to the Bonds.

13 Section 27. Undertaking to Provide Ongoing Disclosure. The Chief Fiscal Officer is
14 authorized to, in her discretion, execute and deliver an Ongoing Disclosure Agreement to assist
15 the Underwriter in complying with the Rule.

16 Section 28. Municipal Bond Insurance Policy. The payments of the principal of and
17 interest on the Bonds may be insured by the issuance of the Municipal Bond Insurance Policy.
18 The Chief Fiscal Officer, with the assistance of the Underwriter, shall solicit proposals from
19 municipal bond insurance companies, and the Chief Fiscal Officer, in consultation with the
20 financial advisor, is hereby authorized to review such proposals and may select the proposal
21 which is deemed to be the most cost effective and further to execute a commitment with such
22 insurance company (the "Bond Insurer") which may include such covenants and conditions as
23 shall be approved by the Chief Fiscal Officer.

1 Section 29. Amendatory and Supplemental Ordinances.

2 (a) The Assembly from time to time and at any time may approve an
3 ordinance or ordinances supplemental hereof, which ordinance or ordinances thereafter shall
4 become a part of this ordinance, for any one or more of the following purposes:

5 (1) To add to the covenants and agreements of the Municipality in this
6 ordinance contained, other covenants and agreements thereafter to be observed, or to surrender
7 any right or power herein reserved to or conferred upon the Municipality.

8 (2) To make such provisions for the purpose of curing any ambiguities
9 or of curing, correcting or supplementing any defective provision contained in this ordinance or
10 in regard to matters or questions arising under this ordinance as the Assembly may deem
11 necessary or desirable and not inconsistent with this ordinance and which shall not materially and
12 adversely affect the interest of the Registered Owners or Beneficial Owners of any Bonds.

13 (3) To provide for the issuance of Bonds in a different form of book-
14 entry or certificated obligations.

15 Any such supplemental ordinance of the Assembly may be approved without the consent
16 of the Registered Owner or Beneficial Owner of any of the Bonds at any time outstanding,
17 notwithstanding any of the provisions of subsection (b) of this section.

18 (b) With the consent of the Registered Owners of not less than 60% in
19 aggregate principal amount of any Bonds at the time Outstanding, the Assembly may approve an
20 ordinance or ordinances supplemental hereto for the purpose of adding any provisions to or

5 Section 30. Amending Section 26 of Ordinance No. AO 99-119(S). Section 26 of
6 Ordinance No. AO 99-119(S) shall be amended to read as follows (deletions are shown as
7 stricken text and additions are shown as underscored):

8 (a) *Contract/Undertaking.* This section constitutes the
9 Municipality's written undertaking for the benefit of the Beneficial Owners and
10 Registered Owners of the Bonds as required by Section (b)(5) of the Rule.

11 (b) *Financial Statements/Operating Data.* The Municipality

13 in each case as designated by the Commission in accordance with the Rule, annual
14 financial information and operating data for the prior fiscal year (commencing in
15 2000 for the fiscal year ended December 31, 1999), including annual financial
16 statements for the System prepared in accordance with generally accepted
17 accounting principles as prescribed by the Government Accounting Standards
18 Board (or its successor) from time to time and generally of the type included in
19 the official statement for the Bonds under the in the tables titled "Number of
20 Customers"; "Daily Average Production/Demand"; [~~"Capital Improvement
21 Program Financial Summary Anchorage Wastewater Utility";~~] "Wastewater
22 Utility Rate Increases" "Current Wastewater Rates—Anchorage Wastewater
23 Utility"; "Statement of Revenues, Expenses and Debt Service Coverage—
24 Anchorage Wastewater Utility"; and "Revenue Bonds Debt Service—Anchorage
25 Wastewater Utility" or in the Comprehensive Annual Financial Report under
26 comparable headings.

27 Such annual information and operating data described above shall be
28 available on or before seven months from the end of each fiscal year. If the fiscal
29 year of the Municipality is changed, the Municipality may adjust such date by
30 providing written notice of the change of fiscal year and the new reporting date to
31 each then existing NRMSIR and the SID, if any. In lieu of providing such annual
32 financial information and operating data, the Municipality may cross-reference to
33 other documents the Municipality provides to the NRMSIRs, the SID or to the
34 Commission and, if such document is a final official statement within the meaning
35 of the Rule, available from the MSRB.

36 If not provided as part of the annual financial information discussed above,
37 the Municipality shall provide the Municipality's audited annual financial
38 statements prepared in accordance with generally accepted accounting principles

1 as prescribed by the Government Accounting Standards Board (or its successor)
2 from time to time when and if available to each then existing NRMSIR and the
3 SID, if any.

- 10 • Unscheduled draws on debt service reserves reflecting financial
11 difficulties;
- 12 • Unscheduled draws on credit enhancements reflecting financial
13 difficulties;
- 14 • Substitution of credit or liquidity providers, or their failure to
15 perform;
- 16 • Adverse tax opinions or events affecting the tax-exempt status of
17 the Bonds;
- 18 • Optional, contingent or unscheduled Bond calls other than
19 scheduled sinking fund redemptions for which notice is given
20 pursuant to Exchange Act Release 34-23856;
- 21 • Modifications to rights of Registered Owners;
- 22 • Defeasances;
- 23 • Release, substitution or sale of property securing the repayment of

27 property, the Municipality will state in its Preliminary and Final Official
28 Statements that there is no property securing the repayment of the Bonds.

29 (d) *Notice Upon Failure to Provide Financial Data.* The
30 Municipality agrees to provide or cause to be provided, in a timely manner, to
31 each NRMSIR or to the MSRB and to the SID, if any, notice of its failure to
32 provide the annual financial information described in subsection (b) above on or
33 prior to the date set forth in subsection (b) above.

34 (e) *Termination/Modification.* The Municipality's obligations
35 to provide annual financial information and notices of material events shall
36 terminate upon the defeasance or payment in full of all of the Bonds. This
37 section, or any provision hereof, shall be null and void if the Municipality
38 (1) obtains an opinion of nationally recognized bond counsel to the effect that
39 those portions of the Rule which require this section, or any such provision, are
40 invalid, have been repealed retroactively or otherwise do not apply to the Bonds
41 and (2) notifies each then existing NRMSIR and the SID, if any, of such opinion
42 and the cancellation of this section. Notwithstanding any other provision of this
43 ordinance, the Municipality may amend this Section 26 and any provision of this
44 Section 26 may be waived, provided that the following conditions are satisfied:

1 i. If the amendment or waiver relates to the provisions
2 of Section 26(b) or (c), it may only be made in connection with a change in
3 circumstances that arises from a change in legal requirements, change in law, or
4 change in the identity, nature or status of an obligated person with respect to the
5 Bonds, or the type of business conducted;

6 ii. The undertaking, as amended or taking into account
7 such waiver, would, in the opinion of nationally recognized bond counsel, have
8 complied with the requirements of the Rule at the time of the original issuance of
9 the Bonds, after taking into account any amendments or interpretations of the
10 Rule, as well as any change in circumstances; and

11 iii. The amendment or waiver either (A) is approved by
12 the Registered Owners in the same manner as provided in this ordinance for
13 amendments to this ordinance with the consent of Registered Owners, or (B) does
14 not, in the opinion of nationally recognized bond counsel, materially impair the
15 interests of owners of the Bonds.

16 In the event of any amendment of or waiver of a provision of this
17 Section 26, the Municipality shall describe such amendment in the next annual
18 report, and shall include, as applicable, a narrative explanation of the reason for
19 the amendment or waiver and its impact on the type (or in the case of a change of
20 accounting principles, on the presentation) of financial information or operating
21 data being presented by the Municipality. In addition, if the amendment relates to
22 the accounting principles to be followed in preparing financial statements,
23 (i) notice of such change shall be given in the same manner as for a material event
24 under Subsection (c), and (ii) the annual report for the year in which the change is
25 made should present a comparison (in narrative form and also, if practical, in
26 quantitative form) between the financial statements as prepared on the basis of the
27 new accounting principles and those prepared on the basis of the former
28 accounting principles.

29 (f) *Remedies Under This Section.* The Registered Owner's or
30 Beneficial Owner's right to enforce the provisions of this section shall be limited
31 to a right to obtain specific enforcement of the Municipality's obligations
32 hereunder, and any failure by the Municipality to comply with the provisions of
33 this undertaking shall not be a default with respect to the Bonds under this
34 ordinance.

35
36 As amended by this ordinance, Ordinance No. AO 99-119(S) is hereby ratified, approved
37 and confirmed.

38 Section 31. Amending Section 12 of Ordinance No. AO 99-119(S). Section 12 of
39 Ordinance No. AO 99-119(S) shall be amended to read as follows (deletions are shown as

15 Revenues for the payments required to be made into the Bond Fund for the
16 payment of the principal of, premium, if any, and interest on any Future Parity

29 the owners of the Parity Bonds in respect of which the same shall have been so set
30 aside. Until so set aside, all moneys in the Bond Fund shall be held in trust for the
31 benefit of the owners of all Parity Bonds at the time outstanding equally and

33
34 As amended by this ordinance, Ordinance No. AO 99-119(S) is hereby ratified, approved
