I. INTRODUCTION

This *Language Access Plan* has been prepared to address the Municipality of Anchorage Mayor's Office's responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d, et seq, and its implementing regulations, which state that no person shall be subjected to discrimination on the basis of race, color or national origin.

Executive Order 13166, titled *Improving Access to Services for Persons with Limited English Proficiency*, indicates that differing treatment based upon a person's inability to speak, read, write or understand English is a type of national origin discrimination. It directs each agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies which receive federal funds, including the Municipality of Anchorage.

Pursuant to Anchorage's Municipal Policy and Procedure #16-6, the Municipality of Anchorage must "provide timely and meaningful access to LEP and deaf or hard-of-hearing individuals in the conduct of municipal business." Part of meaningful access is up-to-date plans for each Municipal Agency to best support residents and visitors of this city, not only to meet Federal Civil Rights laws, but also to create a more welcoming municipal government and community for all people.

Department Description

The Mayor's Office is charged with supporting daily operations of the Mayor and tasked with implementation of special projects. As the Mayor's Office serves all residents of Anchorage, providing language access services is a fundamental responsibility of this office and the departments of the Municipality of Anchorage. While the Mayor is an elected official, language access will be provided and shall carry over to succeeding administrations in accordance with federal law.

Plan Summary

The Mayor's Office has developed this *Language Access Plan* to help identify reasonable steps for providing language assistance to persons with limited English proficiency [LEP] who wish to access services provided. As defined Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, the ways in which assistance may be provided, staff training that may be required, and how to notify LEP persons that assistance is available.

In order to prepare this plan, the Mayor's Office used the four-factor LEP analysis which considers the following factors:

1. The number or proportion of LEP persons in the service area who may be served by the Municipality of Anchorage.
2. The frequency with which LEP persons come in contact with Municipality of Anchorage services.
3. The nature and importance of services provided by the Municipality of Anchorage to the LEP

- population.
4. The interpretation services available to the Municipality of Anchorage and overall cost to provide LEP assistance. A summary of the results of the four-factor analysis is in the following section.

II. MEANINGFUL ACCESS: FOUR-FACTOR ANALYSIS

1. The number or proportion of LEP persons in the service area who may be served or are likely to require Municipality of Anchorage services.

The Mayor’s Language Access Liaison examined the U.S. Census Bureau’s 2009-2013 American Community Survey, Table B16001 “Language Spoken at Home by Ability to Speak English for the Population 5 years and Over.” Through an analysis of population sorted by census tracts within the Municipality of Anchorage, it was determined that approximately 6.2% of the Anchorage population (17,050 individuals) speak English “less than very well”. It should be noted that “less than very well” is inclusive of responses indicating they spoke English “not well,” and “not at all.”

Table 2
Populations Exceeding the LEP Safe Harbor Threshold
(5% of total population or 1,000 individuals – whichever is less)

Primary Language Spoken	# of Individuals	% of Population
Tagalog	3881	1.4
Spanish or Spanish Creole	3287	1.2
Hmong	1687	0.6
Korean	1539	0.6
*Other Pacific Island Languages	1379	0.5

* "Other Pacific Island Languages" includes, but is not limited to: Chamorro, Hawaiian, Ilocano, Indonesian, and Samoan

2. The frequency with which LEP persons come in contact with Mayor’s services.

The Mayor’s Liaison reviewed the frequency with which the Mayor or office staff have, or could have, contact with LEP persons. This includes documenting phone inquiries or office visits. July 2016-July 2017, the Mayor’s Office has provided in-person interpreter for Arabic, 1 time and telephonically for Arabic 1 time. The Mayor’s Office additionally paid to have Vote-By-Mail information translated for the April 2018 MOA election.

3. The nature and importance of services provided by Mayor’s Office to the LEP population.

Due to the great diversity of languages spoken in the Municipality of Anchorage, the Mayor’s office recognizes that staff and the Mayor will come into contact with the LEP population. The Mayor and staff are most likely to encounter LEP individuals through office visits, phone conversations, and community meetings or gatherings.

4. The resources available to the Mayor’s Office, and overall costs to provide LEP assistance.

The Mayor’s Office reviewed its available resources that could be used for providing LEP assistance and which documents would be most valuable to be translated if the need should arise. The Mayor’s Office will use Language Link for telephonic interpretation services, the Alaska Institute for Justice-Language Interpreter Center for in-person interpretation and will seek quotes for necessary translation from both entities. Currently, Language Link does not provide services in any Alaska Native Language, so we will exclusively use the Language Interpreter Center for these needs.

III. LANGUAGE ACCESS PLAN OUTLINE

A. Identification of a LEP Person who needs language assistance services

A person who does not speak English as their primary language and who has a limited ability to read, write, speak or understand English may be a Limited English Proficient person and may be entitled to language assistance with respect to the Mayor’s Office services. Language assistance can include interpretation, which means oral or spoken transfer of a message from one language into another language and/or translation, which means the written transfer of a message from one language into another language. Encounters with LEP persons are expected to occur as stipulated in Part II. Section 3.

How the Mayor’s Office staff may identify an LEP person who needs language assistance:

- Signage about language services in different languages
- “Point to Your Language” Posters
- Self-identify as needing an interpreter
- Assessed and trained bilingual staff to assist
- Examine records requests for language assistance from past meetings and events to anticipate the possible need for assistance at upcoming meetings;
- At public meetings, set up a sign-in sheet table and have a staff member greet and briefly speak to each attendee. This method will allow staff to informally gauge the attendee’s ability to speak and understand English, while asking an open-ended question that requires a full sentence reply;
- Survey frontline staff of any direct or indirect contact with LEP individuals.

B. Language Assistance Measures

Although the Mayor’s Office has been using Language Link and the Language Interpreter Center since 2016, a recording and reporting mechanism will be implemented in July 2017. Invoices from both vendors assist in providing this information.

1. The Mayor’s Office staff will take reasonable steps to provide the opportunity for meaningful access to LEP clients who have difficulty communicating English.
2. The following resources will be available to accommodate LEP persons:
 - i. “Point to Your Language” posters and brochures will be in easy view of

- front desk
- ii. Language Link brochures with “Point to Your Language” language identification and instructions for use will be given to all Mayor’s Office employees and interns
 - iii. Staff will be trained on how to identify language of LEP through use of “Point to Your Language” cards or through assistance of Language Link operator
 - iv. Staff will utilize Google Translate for quick assistance if a LEP person requires assistance with a document. Determination will be made for long documents if paid translation is to be pursued.

IV. STAFF TRAINING

The following training will be provided to all staff:

- Information on the Title VI Policy and responsibilities to provide services to LEP populations.
- Description of language assistance services offered to the public.
- Use of the “Point to Your Language” cards and posters
- Documentation of language assistance requests.
- How to handle a potential Title VI/LEP complaint
- Working with an interpreter
- Specific note that staff are prohibited from asking for citizenship status of any individual

All contractors or subcontractors performing work for the Municipality of Anchorage will be required to follow the Title VI/LEP guidelines.

V. TRANSLATION OF DOCUMENTS

- The Mayor’s Office does not produce forms that would be considered “Vital Documents”, so we do not expect many documents in need of translation.
- When staff prepares a document, or schedules a meeting, for which the target audience is expected to include LEP individuals, then documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population.

VI. MONITORING

Monitoring and Updating the LAP - the Mayor's Office will update the LAP as required. At a minimum, the plan will be reviewed annually and updated with data points from following year and incorporate any new U.S. Census data as available. Updates will incorporate data gained from the reporting tool and staff observation, including:

- The number of documented LEP persons encountered in previous year
- Determination of the current LEP population in the service area
- How the needs of LEP persons have been addressed
- Determination as to whether the need for translation services has changed
- Determination whether local language assistance programs have been effective and sufficient to meet the need
- Determination whether the Mayor's Office financial resources are sufficient to fund language resources needed
- Determination whether the Mayor's Office fully complies with the goal of this Language Access Plan
- Determination whether complaints have been received concerning the agency's failure to meet the needs of LEP individuals

VII. DISSEMINATION OF MAYOR'S OFFICE LANGUAGE ACCESS PLAN

- Post signs at District office notifying LEP persons of the LAP and how to access language services.
- The Notice of Rights under Title VI to the public is posted at all entrances in the Mayor's Office and at the front desks
- LAP will be posted on the Mayor's Office webpage
- Copies of the LAP will be provided, on request, to any person(s) requesting the document via phone, in person, by mail or email. LEP persons may obtain copies/translations of the plan upon request. Any questions or comments regarding this plan should be directed to:
