Anchorage, AK 99519

Subject: TMA Certification Corrective Actions Resolution

Dear Mr. Holland:

The Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) have reviewed your letter dated June 11, 2024, to the Alaska Department of Transportation and Public Facilities (DOT&PF), regarding the resolution of the 2023 Transportation Management Area (TMA) Certification Review corrective actions.

FHWA and FTA find that all six of the corrective actions issued as part of the 2023 TMA Certification of the AMATS transportation planning process have been addressed and the transportation planning and programming processes now substantially meet Federal statute and regulations under 23 U.S.C 134 and 23 C.F.R. 450.300.

We appreciate the progress AMATS has made to resolve these corrective actions and to improve overall transportation planning and programming in the Anchorage TMA planning area. We look forward to your continued planning process improvements.

Sincerely,

Sandra A. Garcia-Aline
Division Administrator
Federal Highway Administration

Susan Fletcher, P.E.
Regional Administrator, Region 10
Federal Transit Administration
