

SECTION 6. HIGH-RISK CORRIDORS AND INTERSECTIONS

This section contains the lists and maps of the top 16 high-injury corridors and top 15 high-injury intersections throughout Alaska, identified through the network screening analysis during crash data between 2016 and 2021.

Note: The tables list locations in alphabetical order, not ranked order. The numbers on the maps do not indicate any sort of order, they are listed for visual identification of place names only.
