Appellant - Scope Permitting & Engineering

FROM: Kent Kohlhase, P.E., Development Services Director & Building Official

SUBJECT: BCA - 2 - 2016 Appeal of Building Official's Refund Denial

After hearing opening statements from staff and the appellant, the board declined to hear the appeal on the basis that there was insufficient data available to accurately determine how many inspections may have taken less than 30 minutes to conduct, and therefore there was not enough information upon which to base a ruling.

The panel advised the appellant to resubmit for the unused inspections for MOA review and consideration.
