Appellant – Ron Thompson

FROM: Kent Kohlhase, P. E.
Director, Development Services & Building Official

SUBJECT: BCA - 4 - 2016 Appeal of the Building Official's decision on Finished Basement Refund Claim

After hearing the presentation of staff and the appellant, the Panel denied the appeal on the basis the building official does not have the authority in code to create or establish a fee, and the effect of setting a valuation not supported by code was to illegally establish a resulting fee.
