request a determination be made by the Building Board on the case of:

a. _____ permit denial (type)
b. Credit of hours (other)

Street Address of Project: _____

Legal Description: _____

Between Cross Streets: _____ and _____

Status of Project: (check applicable boxes)

- a. Construction has _____ has not _____ started.
- b. Construction was suspended more than six months ago.
- c. Construction is in progress but a stop-work order has been issued by the Municipality.
- d. Construction is pending.
- e. Other to accept hours work to get a license
(please state)

This appeal is based on the action of the Building Official or Fire Official, who claims that:
(check one or more)

- a. Materials(s) chosen (is) (are) not appropriate for intended use.
- b. Type(s) or method(s) of construction (is) (are) not permitted.
- c. A Fire/Life Safety deficiency exists for the intended type of occupancy, which takes precedence over the plans as submitted and approved for permit.
- d. Other _____
(please state)

I (we) contend that such an interpretation is incorrect or incomplete as per Section _____ of the _____, which supports the following belief:
(number & paragraph) (state which code)

State main reason(s), please be brief: I'VE BEEN IN THE PLUMBING TRADE FOR OVER 32 YRS.; I'VE HAD AN ALASKA STATE JOURNEYMANS CARD SINCE 2009. I CARRIED A JOURNEYMANS CARD FOR OVER TWENTY YEARS IN THE STATE OF FLORIDA PRIOR TO RETURNING TO ALASKA FOR THE ENTIRE TIME I'VE BEEN EMPLOYED IN ALASKA. IN THE PLUMBING TRADE, I WAS LED TO BELIEVE A MUNICIPALITY LICENSE WAS NOT REQUIRED DUE TO THE TYPE OF WORK I'VE BEEN DOING, THAT IS; SERVICE AND REPAIR, MAINLY, AS WELL AS TRIM WORK AND BOILER REPAIR.
I AM ASKING THAT THE HOURS WORKED IN ANCHORAGE FOR THE LAST SEVEN YEARS TO BE ACCEPTED AND ALLOW ME TO BE QUALIFIED TO TAKE THE MUNICIPALITY'S JOURNEYMEN PLUMBERS EXAM. MANY OF THE COMPANIES (IF NOT ALL) I WORKED FOR IN FLORIDA ARE NO LONGER IN BUSINESS.

To Whom it May Concern:

I am writing this letter, as requested, to explain my failure to comply with the Municipality of Anchorage's requirements for journeyman plumbers working within the city of Anchorage. It is clear to me, now, that I have been misled to believe I was exempt due to the type of work I generally perform. I have been, mostly doing service and repair, warranty repair, trim work and some "punch out" work for the last seven years or so, while in the employment of Bowman Mechanical Contractors. Prior to working with them I was employed by another Plumbing company in Anchorage and it is here that I was led to believe I, personally, was not required to have a Municipality card, and so; for all these years I have only carried a State card. I understand how this may seem hard to believe but I, honestly, didn't know better.

After receiving the "notice" from inspector Clark Rosencrans, on December 19th, I realized my misunderstanding and am currently in the process of correcting my mistake and the requirements regarding my working in the Municipality of Anchorage. It is with great regret that I have failed to meet the requirements of the Municipality of Anchorage, but I intend to meet all the requirements as immediately as I am able.

As of this date I am applying to take the Municipalities earliest available exam on February 1, 2017.

Sincerely,

Terry L. Wise
