STAFF/COMMITTEE REPORTS

OLD BUSINESS

1. Gus Andress would like to discuss the testing requirements for the Biocycle wastewater system that has been sent to him.
2. How do we get back on track for the proposed wastewater code changes?

NEW BUSINESS

1. A developer would like to see a change to the wastewater code regarding holding tanks. Currently the code does not allow development of a property unless an onsite subsurface drainfield can be designed and installed.
2. Development Services wants to introduce a proposed code revision to allow holding tanks for the development of property.
