

# Municipality of Anchorage

*Dan Sullivan, Mayor*

## ON-SITE SYSTEMS TECHNICAL REVIEW BOARD MINUTES OF MEETING

**Date:** February 9, 2011

**Members Present:** Scott Hattenburg  
Mark Spafford  
Lori Davey  
Matt Edge

**Absent:** Joel Neimeyer (excused)

**Staff Present:** Ross Noffsinger  
Jay Crewdson  
Debbie Wockenfuss

The meeting was called to order at 12:30 p.m. by Scott Hattenburg. All participants introduced themselves.

**Approval of Minutes:** Minutes of the September 22, 2010 meeting was approved.

### **Staff Report:**

An evaluation of title transfers for properties with onsite systems show a 13% noncompliance of the required Certificate of Onsite Systems Approvals. The evaluation of data was a combined effort between Motznik Information Services and the Onsite Department.

Jay brought up the concern that in the past, the procedure used for testing potential advanced wastewater treatment systems appears to have not completely followed the code.

### **New Business:**

The board discussed the proposal by Gus Andress to have the Biocycle evaluated and approved as a Category III nitrate reducing advanced wastewater system. The Onsite Department will summarize the recommendations of the board and send them to Mr. Andress. See the attached letter.

### **Other Business:**

### **Public Comments:**

Meeting adjourned at 1:55 p.m.
