

# MUNICIPALITY OF ANCHORAGE

Development Services Department

Building Safety

## NOTICE!

This clothes dryer exhaust duct is \_\_\_\_\_ feet long and has \_\_\_\_\_ 90-degree elbows.

Refer to the clothes dryer manufacturer installation instructions to verify whether your dryer is capable of meeting these duct parameters. Clothes dryers incapable of meeting these parameters will not operate efficiently, will not be code compliant, and could be a fire hazard.

This placard shall be installed on the wall at the clothes dryer exhaust duct connection. Do not remove this placard.

If you have any questions, contact the clothes dryer manufacturer and/or Municipality of Anchorage Building Safety Division.
