Independent Auditors' Report on Compliance with Requirements Applicable to Each Major Program, Internal Control over Compliance and Supplementary Schedule of Expenditures of Federal Awards in Accordance with OMB Circular A-133

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

#### Compliance

We have audited the compliance of the Municipality of Anchorage, Alaska with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal programs for the year ended December 31, 2003. The Municipality of Anchorage, Alaska's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs is the responsibility of the Municipality of Anchorage, Alaska's management. Our responsibility is to express an opinion on the Municipality of Anchorage, Alaska's compliance based on our audit.

The Municipality of Anchorage, Alaska's basic financial statements include operations of its component unit, the Anchorage School District, which received \$49,517,173 in federal awards during their fiscal year ended June 30, 2003 which are not included in the schedule of expenditures of federal awards for the year ended December 31, 2003. Our audit, described below, did not include the operations of the Anchorage School District, because it was subjected to a separate audit in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Municipality of Anchorage, Alaska's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Municipality of Anchorage, Alaska's compliance with those requirements.

In our opinion, the Municipality of Anchorage, Alaska complied, in all material respects, with the requirements referred to above that are applicable to its major federal programs for the year ended December 31, 2003.

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska

#### **Internal Control over Compliance**

The management of the Municipality of Anchorage, Alaska is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Municipality of Anchorage, Alaska's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

#### Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of the Municipality of Anchorage, Alaska as of and for the year ended December 31, 2003, and have issued our report thereon dated March 31, 2004. We did not audit the financial statements of the Anchorage School District and Anchorage Historic Properties, which are discretely presented component units. We also did not audit the financial statements of the Anchorage Parking Authority, which is a blended component unit. Those statements were audited by other auditors whose report has been furnished to us. Our audit was performed for the purpose of forming opinions on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Municipal Assembly, management, and the cognizant agency and is not intended to be and should not be used by anyone other than these specified parties.

March 31, 2004

Notes to Schedule of Expenditures of Federal Awards Year ended December 31, 2003

#### General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the Municipality of Anchorage, Alaska (Municipality). The Municipality's reporting entity is defined in note 1 to the Municipality's basic financial statements. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included on the schedule.

#### **Basis of Accounting**

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified-accrual basis of accounting, which is described in note 1 to the Municipality's basic financial statements.

#### Programs with Loan Receivable Balances

The following U.S. Department of Housing and Urban Development (HUD) programs have loan receivable balances at December 31, 2003:

ProgramProgram	CFDA	Balance
Anchor/Home	14.239 \$	2,974,791
Rental Rehabilitation	14.218	11,317
CDBG Rehabilitation	14.218	2,012,821
CDBG Emergency Repair	14.218	241,146

Schedule of Findings and Questioned Costs
December 31, 2003

#### (1) Summary of Auditor's Results

- (a) An unqualified independent auditors' report was issued on the basic financial statements of the Municipality of Anchorage, Alaska.
- (b) No reportable conditions or material weakness were disclosed in the report on compliance and on internal control based on an audit of the basic financial statements.
- (c) There was no noncompliance which is material to the basic financial statements.
- (d) No reportable conditions or material weaknesses were disclosed in the report on compliance with requirements applicable to each major program and internal control over compliance.
- (e) An unqualified independent auditors' report was issued on compliance for major programs.
- (f) Any audit findings were reported as required under Section 510(a) of OMB Circular A-133.
- (g) The U.S. Department of Health and Human Services, passed through the Alaska Department of Education and Early Development, Day Care Program, CFDA #93.575; U.S. Department of Treasury, passed through the Alaska Department of Community and Economic Development, Temporary Fiscal Relief, CFDA #21. unknown, are major programs.
- (h) Programs with federal expenditures greater than \$1,231,229 were identified as Type A programs. Programs with federal expenditures of \$1,231,229 or less were identified as Type B programs.
- (i) The Municipality of Anchorage, Alaska qualified as a low-risk auditee under Section 530 of OMB Circular A-133.

# Independent Auditors' Report on Compliance and on Internal Control over Financial Reporting Based on an Audit of Basic Financial Statements Performed in Accordance with *Government Auditing Standards*

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

We have audited the basic financial statements of the Municipality of Anchorage, Alaska as of and for the year ended December 31, 2003, and have issued our report thereon dated March 31, 2004. We did not audit the financial statements of the Anchorage School District and Anchorage Historic Properties, which are discretely presented component units. We also did not audit the financial statements of the Anchorage Parking Authority, which is a blended component unit. Those statements were audited by other auditors, whose report has been furnished to us. Our report with respect thereto states that we did not audit the financial statements of the Anchorage School District as of June 30, 2003, the Anchorage Historic Properties, Inc. as of December 31, 2003 or the Anchorage Parking Authority as of December 31, 2003, and therefore our opinion is based upon our audit and reports of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the Municipality of Anchorage, Alaska's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### **Internal Control over Financial Reporting**

In planning and performing our audit, we considered the Municipality of Anchorage, Alaska's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the basic financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska

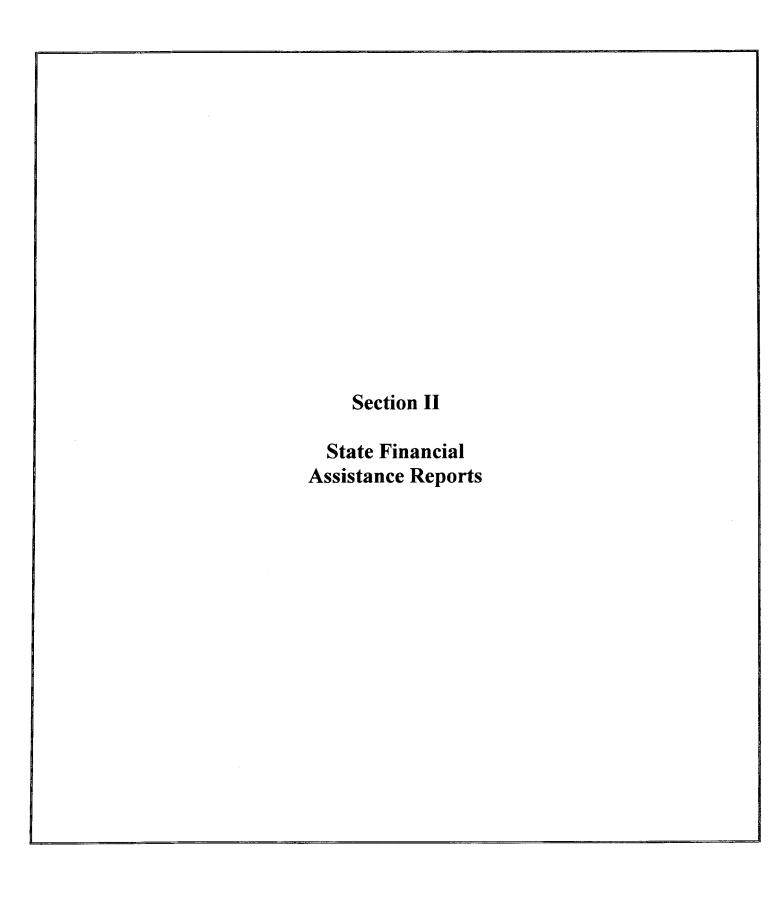

matters involving the internal control over financial reporting and its operation that we consider to be a material weakness.

However, we noted other matters involving the internal control over financial reporting, which we have reported to management of the Municipality of Anchorage, Alaska in a separate letter dated March 31, 2004.

This report is intended solely for the information and use of the Municipal Assembly, management, and the federal and state awarding agencies and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control over Compliance and Supplementary Schedule of State Financial Assistance in Accordance with the State of Alaska Audit Guide and Compliance Supplement for State Single Audits

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

#### Compliance

We have audited the compliance of the Municipality of Anchorage, Alaska with the types of compliance requirements described in the State of Alaska Audit Guide and Compliance Supplement for State Single Audits that are applicable to each of its major state programs for the year ended December 31, 2003. The Municipality of Anchorage, Alaska's major state programs are identified in the accompanying schedule of state financial assistance. Compliance with laws, regulations, contracts, and grants, general requirements, and the specific requirements applicable to each of its major state programs is the responsibility of the Municipality of Anchorage, Alaska's management. Our responsibility is to express an opinion on the Municipality of Anchorage, Alaska's compliance based on our audit.

The Municipality of Anchorage, Alaska's basic financial statements include operations of its component unit, the Anchorage School District, which received \$254,206.237 in state awards during their fiscal year ended June 30, 2003, which are not included in the schedule of state financial assistance for the year ended December 31, 2003. Our audit, described below, did not include the operations of the Anchorage School District, because it was subjected to a separate audit in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Municipality of Anchorage, Alaska's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Municipality of Anchorage, Alaska's compliance with those requirements.

In our opinion, the Municipality of Anchorage, Alaska complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended December 31, 2003. The results of our auditing procedures did not disclose instances of noncompliance

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

with those requirements which are required to be reported in accordance with the State of Alaska Audit Guide and Compliance Supplement for State Single Audits.

#### **Internal Control over Compliance**

The management of the Municipality of Anchorage, Alaska is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to state programs. In planning and performing our audit, we considered the Municipality of Anchorage, Alaska's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with the State of Alaska Audit Guide and Compliance Supplement for State Single Audits.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major state program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

#### **Schedules of State Financial Assistance**

We have audited the basic financial statements of the Municipality of Anchorage, Alaska as of and for the year ended December 31, 2003, and have issued our report thereon dated March 31, 2004. We did not audit the financial statements of the Anchorage School District and Anchorage Historic Properties, which are discretely presented component units. We also did not audit the financial statements of the Anchorage Parking Authority, which is a blended component unit. Those statements were audited by other auditors whose report has been furnished to us. Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Schedule of State Financial Assistance is presented for purposes of additional analysis as required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audits and Schedules 1 through 4 are presented for additional analysis as required by the State of Alaska Department of Health and Social Services. These schedules are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Municipal Assembly, management, and the State of Alaska, and is not intended to be and should not be used by anyone other than these specified parties.

March 31, 2004

KPMG LLP Suite 600 701 West Eighth Avenue Anchorage, AK 99501

# Independent Auditors' Report on Compliance and on Internal Control over Financial Reporting Based on an Audit of Basic Financial Statements Performed in Accordance with Government Auditing Standards

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

We have audited the basic financial statements of the Municipality of Anchorage, Alaska as of and for the year ended December 31, 2003, and have issued our report thereon dated March 31, 2004. We did not audit the financial statements of the Anchorage School District and Anchorage Historic Properties, which are discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us. Our report with respect thereto states that we did not audit the financial statements of the Anchorage School District as of June 30, 2003, the Anchorage Parking Authority as of December 31, 2003, or Anchorage Historic Properties, Inc. as of December 31, 2003, and therefore our opinion is based upon our audit and reports of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether the Municipality of Anchorage, Alaska's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

#### **Internal Control over Financial Reporting**

In planning and performing our audit, we considered the Municipality of Anchorage, Alaska's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the basic financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

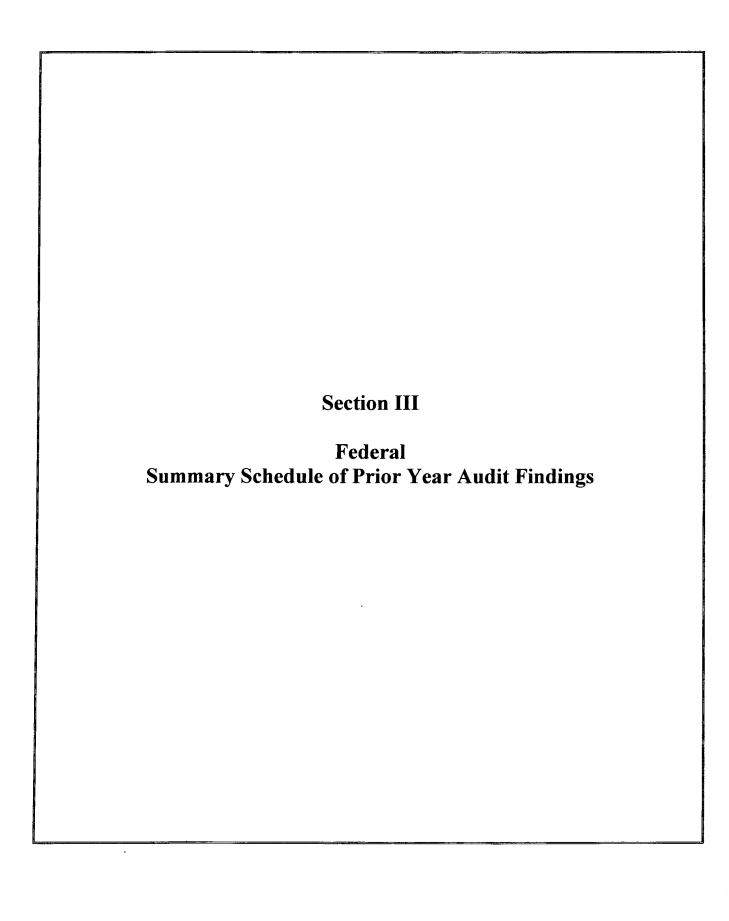

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

However, we noted other matters involving the internal control over financial reporting which we have reported to management of the Municipality of Anchorage in a separate letter dated March 31, 2004.

This report is intended solely for the information and use of the Municipal Assembly, management, and the federal and state awarding agencies and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.

KPMG LLP
