Independent Auditors' Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control over Compliance and Schedule of Expenditures of Federal Awards in Accordance with OMB Circular A-133

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

## Compliance

We have audited the compliance of the Municipality of Anchorage, Alaska with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended December 31, 2005. The Municipality of Anchorage, Alaska's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Municipality of Anchorage, Alaska's management. Our responsibility is to express an opinion on the Municipality of Anchorage, Alaska's compliance based on our audit.

The Municipality of Anchorage, Alaska's basic financial statements include operation of its component unit, the Anchorage School District, which received \$61,192,088 in federal awards during their fiscal year ended June 30, 2005 which are not included in the schedule of expenditures of federal awards for the year ended December 31, 2005. Our audit, described below, did not include the operations of the Anchorage School District, because it was subject to a separate audit in accordance with OMB Circular A–133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A–133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards and OMB Circular A–133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Municipality of Anchorage, Alaska's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Municipality of Anchorage, Alaska's compliance with those requirements.

As described in item 2005–1 in the accompanying schedule of findings and questioned costs, the Municipality of Anchorage, Alaska did not comply with the requirements regarding program income that are applicable to its U.S. Department of Agriculture United States Forest Service Hazardous Fuel Mitigation program. Compliance with such requirements is necessary, in our opinion, for the Municipality of Anchorage, Alaska to comply with the requirements applicable to that program.

In our opinion, except for the noncompliance described in the preceding paragraph, the Municipality of Anchorage, Alaska complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2005.

# **Internal Control over Compliance**

The management of the Municipality of Anchorage, Alaska is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Municipality of Anchorage, Alaska's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A–133.

We noted one matter involving the internal control over compliance and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the Municipality of Anchorage, Alaska's ability to administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts and grants. The reportable condition is described in the accompanying schedule of findings and questioned costs as item 2005–1.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does no reduce to a relatively low level the risk that noncompliance with the application requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected in a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not disclose all reportable conditions that are also considered to be material weaknesses. However, we do not believe that the reportable condition described above is a material weaknesse.

# Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business—type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Municipality of Anchorage, Alaska as of and for the year ended December 31, 2005, which collectively comprise the Municipality of Anchorage, Alaska's basic financial statements, and have issued our report thereon dated June 2, 2006. We did not audit the financial statements of the Anchorage School District which is a discretely presented component unit. We also did not audit the financial statements of the Anchorage Community Development Authority, which is a blended component unit. Those statements were audited by other auditors whose reports have been furnished to us. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Municipality of Anchorage's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A–133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

\* \* \* \* \* \* \*

This report is intended solely for the information and use of the Municipal Assembly, management, and the cognizant agency and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Schedule of Expenditures of Federal Awards Year ended December 31, 2005

#### General

The accompanying schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of Municipality of Anchorage, Alaska (Municipality) excluding its component unit, the Anchorage School District. The Municipality's reporting entity is defined in note 1 to the Municipality's financial statements. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included on the schedule.

## **Basis of Accounting**

The accompanying schedule of expenditures of federal awards is presented using the modified accrual basis of accounting, which is described in note 1 to Municipality's financial statements.

# Programs with Outstanding Loans Receivable

The following U.S. Department of Housing and Urban Development (HUD) programs have outstanding loans receivable at December 31, 2005:

Program	CFDA	Balance
Anchor/Home Rental Rehabilitation CDBG Rehabilitation CDBG Emergency Repair Mutual Rent	14.218 14.218 14.218	\$ 2,156,155 11,317 1,530,836 251,498
	14.218	141,342

# **HUD Section 108 Loans (CFDA 14.248)**

The Federal Department of Housing and Urban Development (HUD) awards section 108 loans to the Municipality for the purpose of Housing and Economic Development. During 2005, the Municipality loaned \$2,000,000 to the Anchorage Community Land Trust for the Sadler's building project. At December 31, 2005, \$1,150,185 of the loan amount had been expended by the Anchorage Community Land Trust. Collateral for repayment of funds include future Community Development Block Grant entitlements due the Municipality from HUD.

Schedule of Findings and Questioned Costs
Year ended December 31, 2005

# (1) Summary of Auditor's Results

- (a) An unqualified independent auditors' report was issued on the basic financial statements of the Municipality of Anchorage, Alaska.
- (b) No reportable conditions or material weaknesses were disclosed in the report on compliance and on internal control based on an audit of the basic financial statements.
- (c) There was no noncompliance which is material to the basic financial statements.
- (d) Reportable conditions were disclosed in the report on compliance with requirements applicable to a major program and internal control over compliance.
- (e) A qualified independent auditors' report was issued on compliance for major programs.
- (f) Any audit findings were reported as required under Section 510(a) of OMB Circular A-133.
- (g) The U.S. Department of Agriculture, United States Forest Service Hazardous Fuels Mitigation, CFDA #10.unknown; U.S. Department of Homeland Security, passed through State of Alaska Department of Military and Veterans Affairs, SOA Homeland Security Cluster, CFDA #97.004/#97.042/#97.067; U.S. Department of Commerce, National Oceanic and Atmospheric Administration, Ship Creek Crossing, CFDA #11.469; U.S. Department of Fish and Game, Ship Creek Crossing and Access, CFDA #11.438. U.S. Department of Transportation, Security Improvements, CFDA #20.106; U.S. Department of Transportation, Section 5307 Urban Area Formula and Capital Assistance, CFDA #20.507 are major programs.
- (h) Programs with federal expenditures greater than \$1,224,573 were identified as Type A programs. Programs with federal expenditures of \$1,224,573 or less were identified as Type B programs.
- (i) The Municipality of Anchorage, Alaska qualified as a low-risk auditee under Section 530 of OMB Circular A-133.

# (2) Findings Relating to Basic Financial Statements Reported in Accordance with *Government Auditing Standards*

None.

# (3) Findings and Questioned Costs Related to Federal Award

<u>2005–1–U.S.</u> Department of Agriculture, United States Forest Service Hazardous Fuels Mitigation, CFDA <u>10.unknown</u>

<u>Specific Compliance Requirement-Program Income</u>-OMB Circular A-133 requires that grantees have policies and procedures in place to ensure that program income is properly captured, recorded, and used in the manner stipulated by the grantor.

10

Schedule of Findings and Questioned Costs
Year ended December 31, 2005

Condition Noted and Effect—During the year, the Municipality did not a have a process in place to capture, record and earmark interest earned on unspent grant funds in this program, resulting in a significant deficiency in the design and operation of the internal control over the program income compliance requirement that is considered to be a reportable condition and a noncompliance finding. Subsequent to year end, program income was calculated and it was determined that no program income was spent for unauthorized purposes.

Questioned Costs-None.

<u>Recommendation</u>—The Municipality should implement policies and procedures to ensure program income is properly captured, recorded, and used in the manner stipulated by the grantor.

<u>Views of Responsible Officials</u>—The Municipality concurs with this finding and recommendation.

KPMG LLP Suite 600 701 West Eighth Avenue Anchorage, AK 99501

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

We have audited the financial statements of the governmental activities, the business—type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Municipality of Anchorage, Alaska as of and for the year ended December 31, 2005, which collectively comprise the Municipality of Anchorage's basic financial statements and have issued our report thereon dated June 2, 2006, which included a reference to the reports of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Our consideration of internal control over financial report and other test of compliance with certain provisions of laws, regulations, contracts, and grants and other matters did not include the entities audited by the other auditors referred to in the previous paragraph. The findings, if any, of those auditors are not included herein.

# Internal Control over Financial Reporting

In planning and performing our audit, we considered Municipality of Anchorage, Alaska's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Municipality of Anchorage, Alaska's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

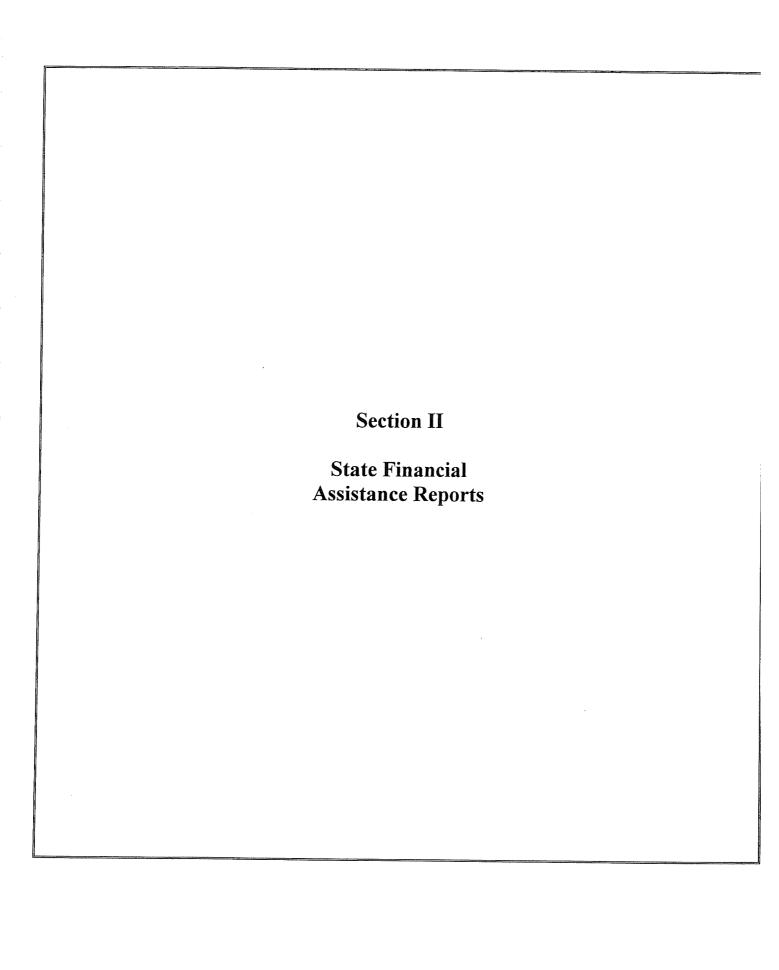

We noted certain matters that we reported to management of the Municipality of Anchorage, Alaska in a separate letter dated June 2, 2006.

This report is intended solely for the information and use of the Municipal Assembly, management, and the federal and state awarding agencies and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance with Requirements Applicable to Each Major Program and on Internal Control over Compliance and Supplementary Schedule of State Financial Assistance in Accordance with the State of Alaska Audit Guide and Compliance Supplement for State Single Audits

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

#### Compliance

We have audited the compliance of the Municipality of Anchorage, Alaska with the types of compliance requirements described in the State of Alaska Audit Guide and Compliance Supplement for State Single Audits that are applicable to each of its major state programs for the year ended December 31, 2005. The Municipality of Anchorage, Alaska's major state programs are identified in the accompanying schedule of state financial assistance. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major state programs is the responsibility of the Municipality of Anchorage, Alaska's management. Our responsibility is to express an opinion on the Municipality of Anchorage, Alaska's compliance based on our audit.

The Municipality of Anchorage, Alaska's basic financial statements include operations of its component unit, the Anchorage School District, which received \$284,773,761 in state awards during their fiscal year ended June 30, 2005, which are not included in the schedule of state financial assistance for the year ended December 31, 2005. Our audit, described below, did not include the operations of the Anchorage School District, because it was subjected to a separate audit in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Municipality of Anchorage, Alaska's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Municipality of Anchorage, Alaska's compliance with those requirements.

In our opinion, the Municipality of Anchorage, Alaska complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended December 31, 2005.

# **Internal Control over Compliance**

The management of the Municipality of Anchorage, Alaska is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to state programs. In planning and performing our audit, we considered the Municipality of Anchorage, Alaska's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major state program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

# Schedule of State Financial Assistance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Municipality of Anchorage, Alaska as of and for the year ended December 31, 2005, which collectively comprise the Municipality of Anchorage, Alaska's basic financial statements, and have issued our report thereon dated June 2, 2006. We did not audit the financial statements of the Anchorage School District, which is a discretely presented component unit. We also did not audit the financial statement of the Anchorage Community Development Authority, which is a blended component unit. Those statements were audited by other auditors whose reports have been furnished to us. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the Municipality of Anchorage's basic financial statements. The accompanying Schedule of State Financial Assistance is presented for purposes of additional analysis as required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audits and Schedules 1 through 6 are presented for additional analysis as required by the State of Alaska Department of Health and Social Services These schedules are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Notes to Schedule of State Financial Assistance Year ended December 31, 2005

# (1) General

The accompanying Schedule of State Financial Assistance presents the activity of all state financial assistance programs of the Municipality of Anchorage, Alaska (Municipality) excluding its component unit, the Anchorage School District. The Municipality's reporting entity is defined in note 1 to the Municipality's financial statements. State financial assistance received directly from state agencies as well as state financial assistance passed through from federal government agencies is included on the schedule.

# (2) Basis of Accounting

The accompanying Schedule of State Financial Assistance is presented using the modified accrual basis of accounting, which is described in note 1 to the Municipality's financial statements.

# Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Honorable Members of the Municipal Assembly Municipality of Anchorage, Alaska:

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the Municipality of Anchorage, Alaska as of and for the year ended December 31, 2005, which collectively comprise the Municipality of Anchorage's basic financial statements and have issued our report thereon dated June 2, 2006, which included a reference to the reports of other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Our consideration of internal control over financial reporting and our tests of compliance with certain provisions of laws, regulations, contracts, and grants and other matters did not include the entities audited by the other auditors referred to in the previous paragraph. The findings, if any, of those other auditors are not included herein.

# **Internal Control over Financial Reporting**

In planning and performing our audit, we considered Municipality of Anchorage, Alaska's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

# **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Municipality of Anchorage, Alaska's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

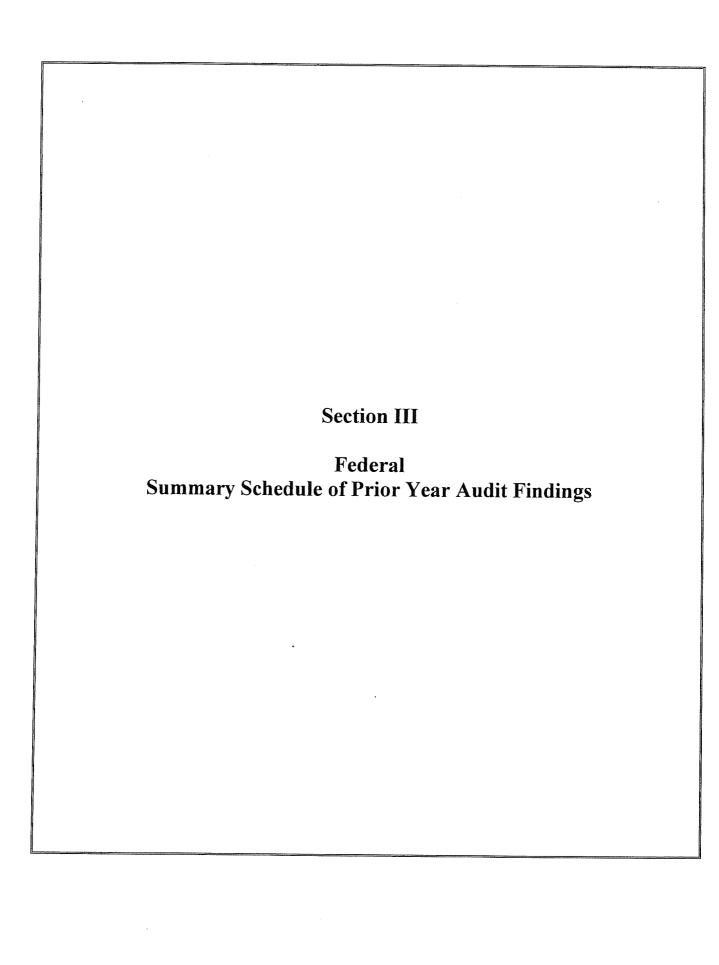

We noted certain matters that we reported to management of the Municipality of Anchorage, Alaska in a separate letter dated June 2, 2006.

This report is intended solely for the information and use of the Municipal Assembly, management, and the federal and state awarding agencies and pass through entities and is not intended to be and should not be used by anyone other than these specified parties.

U.S. Department of Agriculture

**United States Forest Service Hazardous Fuels Mitigation** 

CFDA 10.unknown

# Program income - interest allocation

The Municipality uses a Central Treasury in which cash balances are pooled and interest earnings allocated to the various equity holders. This grant was erroneously identified as a non-equity holder within the central treasury. The error has been noted and a correction has been made. In addition, the Municipality has established a new procedure within the grants accounting section to review all grant cash balances each month as part of the routine closing process. This review will help to ensure the proper allocation of interest to grants based on their equity position for that month.
