Office Use Only

PLAN FOR ALTERNATE OUTDOOR RECREATION SPACE

All child care facilities are required to have outdoor space to accommodate the physical and developmental needs of children in care. Child facilities must provide at least 75 square feet of useable outdoor recreation space per child for the maximum number of children outside at any one time.

AMC 16.55.260A. A child care home shall meet the same indoor and outdoor space requirements as set out in 7 AAC 57.620(b). AMC 16.55.260B. Except as provided in this section, in a center the playground shall adjoin the building and shall be accessible safely by all children.
