

Public Notice

MUNICIPALITY OF ANCHORAGE

Seasonal Vehicle Weight Restrictions

For current information visit our web site at:

<http://www.muni.org/Departments/traffic/Pages/TruckInformation.aspx>
or contact Traffic Engineering at: Phone: 343-8406 / Fax: 343-8488

Effective 8:00 AM, May 24, 2024, all streets owned or maintained by the Municipality of Anchorage will return to 100% legal axle load with permitted overloads unless otherwise posted. Overweight/Oversize permits may be obtained from the State of Alaska Division of Measurement Standards and Commercial Vehicle Enforcement permit office.

A reminder of some basic requirements found in Anchorage Municipal Code.

9.46.410 Trucks prohibited on certain streets: use of truck routes.

A. No local or neighborhood collector street, as designated on the official streets and highways plan of the municipality, shall be used by any commercial vehicle with a gross weight of 10,000 pounds or greater, except where required to make deliveries or pickups, or to provide business service at a specific location where the vehicle is required as an essential part of the service, and then only by the most direct route requiring the least amount of travel upon such local or residential collector streets.

9.36.370 Use of compression brakes prohibited.

A. No person shall use compression brakes while operating a motor vehicle within the municipality, except in an emergency.

B. For the purpose of this section, the term "compression brake" means a hydraulic engine attachment that converts a diesel engine into an air compressor and, when engaged, operates to slow the vehicle.

9.46.060 Securing of load.

A. No vehicle shall be driven or moved on any street unless its load or contents are so secured as to prevent any material from dropping, shifting, leaking, falling from any part of the vehicle, or otherwise escaping there from, except sand may be dropped for the purpose of securing traction, or water or other substance may be sprinkled on a roadway in cleaning or maintaining such roadway.

B. No person may operate on any street any vehicle with any load unless the load and any covering thereon are securely fastened so as to prevent the covering or load from becoming loose, detached or in any manner a hazard to other users of the street.

24.80.060 Spilled loads.

The owner or operator of any vehicle which has spilled, dropped, dumped or in any manner deposited any matter upon a public place shall cause the public place to be cleaned immediately unless specific permission for delay is authorized by the director of development services. Failure to clean the public place upon demand by the director of development services shall make the owner or operator, or both, subject to the provisions of Section 24.95.010.
